## Committee Clears Bitterly-Fought Bill-- HOUSE TO VOTE ON CIVIL RIGHTS

### Dixie Solons Braced

#### ... For A Battle

WASHINGTON (AP) — The House Rules Committee Wednesday voted 8-3 to send the bitterly fought civil rights bill to the House floor for a vote.

Southerners have sought to keep it bottled up in the committee in the belief it would pass if brought to a vote.

Chairman Smith (D-Va) said the bill may be scheduled for House action during the week beginning July 9.

#### Roaring Session Looms

The rule granted by the committee allows two days general debate on the bill, guaranteeing a roaring session with most if not all the Southern members—about 100—seeking an opportunity to denounce the measure.

Southerners talked against the bill before the Rules Committee most of Wednesday. The cutoff time on hearings enforced by the committee majority favoring the legislation found about 12 Southerners still waiting to speak.

Rep. Colmer (D-Miss), a Rules Committee member, protested it was "unprecedented" to close the hearings while members of the House were still waiting to be heard.

But Rep. Bolling (D-Mo) said there was precedent and that equal time had been allotted to both sides.

#### Week's Delay

The group within the committee favoring the measure finally prevailed almost a week after the time originally set for a vote.

Last Thursday, the outnumbered Southerners forced a delay by waiting until enough members had drifted out to reduce committee attendance below a quorum.

The vote in Wednesday's closed session was understood to be: For sending the bill to the House, Reps. Madden (D-Ind), Delaney (D-Ny), Bolling (D-Mo), O'Neill (D-Mass), Allen (R-Ill), Brown (R-Ohio), Ellsworth (R-Ore) and Latham (R-Ny).

Against, Reps. Smith, Colmer and Trimble (D-Ark).

#### Bill's Provisions

1. Create a bipartisan commission and a permanent Civil Rights Division in the Department of Justice.

2. Authorize the attorney general to bring civil suits in federal court for injunctions or other relief for persons whose civil rights are infringed, and would make it easier for such persons to go direct to federal courts themselves.

A principal present object of the fight over the bill is to put individuals and parties on record by a House vote, for moral and political effect.

The bill is conceded to have no chance in the Senate if passed by the House. Hearings before the Senate Judiciary Committee have been dragging, and Southerners are poised to talk the bill to death if it should ever reach the floor.

### Sudden Death

TOKYO (Thursday) (AP) — A mysterious disease that strikes apparently healthy young men in the middle of the night and kills them within 20 minutes was reported by Tokyo police physician Saburo Yoshimura.

He said the disease, known as "pokuuri," or "sudden death," has claimed nearly 80 lives in Tokyo this year.

### Big Sewer Plan Start Targeted

Mayor Jeary proposes to start a \$4-million sewer improvement program next summer and announces that spillage trouble with the University Place sewer has been temporarily corrected. See story on Page 2.

### Today's Chuckle

Husband rushing in the front door: "I bought something today for the one I love best... guess what!"  
Wife: "A box of cigars."

## Schools Ask Big Hike In Funds

—Total Of \$6,151,839 Sought—  
52 New Teachers, Increased Pay  
Push Tax Money Request Up 23%

By HARRIET ASHLEY  
Star Staff Writer

The Board of Education voted Wednesday night to ask the Lancaster County Board to set a school levy that will raise \$6,151,839.91 for operations during the 1956-57 fiscal year.

The figure was \$1,167,367 higher than the total of tax funds requested a year ago, when the amount asked was \$4,984,472. The increase requested was about 23 per cent.

School officials said that if an estimated increase in the total assessed valuation of \$5,000,000 occurs, the total levy for the four funds in the proposed budget will increase about four mills; if the total assessed valuations of the District are increased more than \$5,000,000, the additional mill levy will be under four mills; and if the valuations are below the estimated increase, the levy will rise more than four mills.

The funds, which resulted in the six-million-dollar total request, are the general fund, for support of schools and running expenses, \$5,021,600.78; building fund, for purchase of school sites and remodeling, \$145,667.30; bond sinking fund, for the payment of bonds, \$741,223.23, and the bond interest fund, for the payment of interest, \$243,348.60.

#### \$100 More Pay

The largest increases on the budget were \$100 per step for teacher salaries and Social Security withholding which amounts to \$102,399.06. Collection commissions paid to the County Treasurer will cost \$50,723.23.

The above items plus the hiring of 52 additional teachers pushed the proposed amount needed for the general fund \$793,380.86 above last year's general fund budget.

The total amount to be spent from the capital outlay fund was set at \$175,310.32, compared with almost twice that amount for 1955-56 fiscal year, but the balance on hand has been reduced by more than \$143,000 since last year.

#### For Explanation Of School Salary Increases, See Page 2

Bond Payments Up  
The bond interest fund shows an increase of \$14,212.13 over last year and it will be necessary to collect \$741,223.23 for the bond sinking fund. An addition of \$350,000 over last year was necessary for the sinking fund since the first payment on the \$10,000,000 bond issue voted on in February, 1955, is due.

The Board of Education request will combine with the city and county fund requests to decide the mill levy.

A quorum of the board was comprised of Mrs. Roscoe Hill, Glenn Yaussi, Dr. Paul Bancroft and Robert Ammon, who flew from Cleveland, O., to be present at the meeting.

It was the first meeting to be held in the evening during the past three years.

Foreign Communists are demanding from all quarters, he said, that international communism be based on the "more" broadly based to prevent such concentrations of power and provision for terrorism as existed during the Stalin era.

#### DULLES CLAIMS:

## Soviet Control Shaken

### Secretary Hints Red Leadership Is At Stake

WASHINGTON (AP) — Secretary of State Dulles said Wednesday Moscow's control over foreign Communist parties has been "very much shaken and loosened" by Soviet government's revelations about Stalin's reign of terror.

Dulles broadly hinted at a news conference that perhaps even the future of party chief Nikita Khrushchev, the man who disclosed Stalin's crimes, might be at stake in the Communist party furor.

He told reporters he was "very much tempted" to say whether he thought Khrushchev's leadership was endangered but that "I had better contain myself."

Even as Dulles spoke, news dispatches told of a sensation created in Moscow by the publication in Pravda of implied criticism of Khrushchev and other Russian leaders. The Communist party paper gave much space to an article by Eugene Dennis, secretary of the U. S. Communist party, asking what present Soviet leaders did, if anything, to halt the excesses of Stalin.

#### 'Courage'

Dennis took some of the sting out of the critical question by praising the present Moscow regime as one of "courage, honesty, assurance and collective spirit."

Just why Pravda decided to publish the article was not clear. Moscow dispatches said the decisions obviously was taken at the highest party level and that publication was evidently authorized by Khrushchev himself.

Dulles said international communism is in a state of perplexity and at internal odds "because certain basic truths have caught up with it."

Because of unity in the free world, he said, communism has not been able to conquer any more countries in recent years — and "with the lack of victories, there is revolt against the harsh discipline exemplified by Stalin."

#### 'Preconceived'

Dulles rejected any idea that criticism of current Soviet leadership by Italian, British and American Communist party figures was a "preconceived plan" aimed at fooling the Western world.

Foreign Communists' demands to know why such excesses were permitted under Stalin's regime are "quite conclusive" evidence, Dulles said, that there is "not a prearranged pattern in this matter at all."

"I think the statements issued by the various Communist parties," he added, "show a very high state of dissatisfaction with the present leadership of the Communist party as exemplified by the Soviet Communist party."

Foreign Communists are demanding from all quarters, he said, that international communism be based on the "more" broadly based to prevent such concentrations of power and provision for terrorism as existed during the Stalin era.

Well Equipped For Rain

Steven, 3, and Randy, 6, take advantage of a muddy torrent created by Lincoln's heavy rain to trudge in the squishy stuff. With boots, a slicker and an umbrella they were better prepared than many Lincolnites. The boys are the sons of Mr. and Mrs. Robert W. Smith of 2340 So. 58th. (Star Photo.)

## George Asks Senate To Aid World Hopes

### Democrat Leader Urges Restored \$700 Million Foreign Spending

WASHINGTON (AP) — Veteran Sen. George of Georgia appealed to the Senate Wednesday to raise "the best hopes of mankind" by restoring 700 million dollars to President Eisenhower's foreign aid program.

In one of the last major speeches he will make on the Senate floor, the 78-year-old Democratic leader said the dangers of war cannot be avoided "if we begin in this bill to liquidate the military strength of the Free World."

George spoke to a hushed Senate for nearly an hour and seemed on the verge of tears when he finished. Many senators shook his hand at the end of the speech, including some who are set on sharp cuts in the administration's mutual security program.

George is retiring from the Senate at the end of the year but will remain in the field of foreign affairs as Eisenhower's ambassador to the North Atlantic Treaty Organization.

As chairman of the Senate Foreign Relations Committee, he is leading the battle for adoption of a 4 1/2 billion dollar foreign aid program for the fiscal year beginning Sunday.

"Is there anyone in this body or in America who believes we can abandon our world responsibilities without the gravest consequences to humanity?" George asked the Senate.

He said he anticipated some criticism of NATO during the debate, but asserted "NATO has been the shield that has stood between the free nations of Europe and the Russian aggressor."

Proposals are pending in the Senate to cut the foreign aid program as much as two billion dollars below the amount Eisenhower requested.

The way was cleared to start voting on amendments to the bill Thursday when majority leader Johnson (D-Tex) got unanimous agreement to limit the debate starting at 3 p.m.

An hour was allotted for each amendment, with the time to be divided by the opposing sides. Debate on final passage may come on Friday.

In a speech following George's, Sen. Bridges of New Hampshire, chairman of the Republican Policy Committee in the Senate, said the United States must abandon its "soft-headed" policy toward "neutrality" nations like Yugoslavia and India.

Bridges did not say how much money he would vote for, but declared: "If anyone can show me why we should provide more money, I should like to be shown."

Supporting Bridges' criticism of Indian Prime Minister Nehru, Sen. Welker (R-Idaho) declared: "I wouldn't vote to give him 10 cents if it was the last thing under the canopy of heaven."

# \$4-Million Sewer Plan May Start In 1957

## Summer Targeted By Jeary

By BILL DOBLER  
Star Staff Writer

A summer of 1957 target date has been set by Mayor Clark Jeary for starting the \$4 million sanitary sewer improvement program recommended by Black & Veatch, consulting engineer from Kansas City, Mo.

While expressing this thought, Jeary also disclosed that the flow of raw sewage on the ground in the corner of the University Place Park has been halted, at least temporarily.

Removal of obstructions in the main sewer line through the park, Jeary said, has eased the situation at that point. However, he said, there is no assurance that future sewer loads on warm days will still not overload the line and result in more overflow near the park.

Jeary said he was advised by City Engineer Carl Fisher that the only sure remedy for the University Place trunk sewer line would be an estimated \$350,000 auxiliary line.

**Pool Resources**

A suggestion that the city and Sanitary District 1 pool their resources for this project was made by the mayor.

The city is in no position, he said, to carry the entire load of such a large expenditure. District officials will be asked by Jeary about their feelings in the matter.

Jeary again stated that the overflow condition which existed in the park last week was a dangerous condition of an emergency nature.

In making plans for the overall \$4 million program, Jeary envisions a new city charter with provision for establishment of a utilities board. This board would handle all water, light and sewerage activities, including the disposal plant at 27th and Theresa now operated by the District.

It is assumed, Jeary said, that the District would be willing to abandon the sewage field and concentrate upon flood control matters.

The new charter would be written by a group of 15 citizens which are yet to be appointed by the City Council. The charter would be submitted to a vote of the people at the city primary election in April, 1957, under Jeary's schedule.

By the time the charter was approved, the mayor said, state law needed in connection with the new measure could be well on its way through the Legislature.

**Boy Gets Pre-Opening Irvingdale Dip**

Gary Mills reenacts the photographer the plunge he took when he was the first person in the water at the city's new \$67,450 swimming pool at 20th and Van Dorn in Irvingdale Park. The pool will be managed by Richard Beechner. Entrance to the pool parking lot will be from 20th Street. Shown above (left to right) are: Ronnie Miller, Kathryn Hellweg, Sally Sheridan, David O'Morrow, Dan Achord, Dale Yost and Ronnie Smith. (Star Photo.)

## School Employees Get \$100 Pay Hikes

The Board of Education Wednesday approved salary increases of \$100 a year for teachers, maintenance employees and office personnel.

School board members expressed particular concern that other cities, especially Omaha, were getting far ahead of Lincoln in teachers' salaries. Omaha gave teachers a \$200 increase this year, compared to \$100 for Lincoln, which now makes Omaha's starting salary \$400 more than Lincoln's.

The cost of the schedule over last year's salaries is to be \$168,750 for teachers, \$35,554.51 for maintenance workers and \$11,400.38 for office personnel.

**New Schedule**

The new salary schedule leaves non-degree holding teachers receiving from \$2,900 to \$3,750 per year, teachers holding bachelor's degrees from \$3,300 to \$5,150, and teachers holding master's degrees from \$3,500 to \$5,300.

Teachers holding doctorates may receive as much as \$400 above those holding master's degrees, and directors, co-ordinators, principals and assistant principals receive a differential ranging from \$275 to \$800 per year.

The salary schedule in any of the classifications allows increase of from \$100 to \$200 each year a teacher is employed by the Lincoln system, up to the maximum for the classification.

The differential for principals of elementary school having enrollment of more than 600 was increased from \$300 to \$400. One assistant principal at Lincoln High School was given the title of Dean of Boys and Director of Activities with a \$600 differential.

The principal of Southeast High School received an increase in differential from \$400 to \$500 and assistant principals at Lincoln and Northeast senior high schools received an increase of \$100 over the previous \$200 differential figure.

Employees under special contract also received advancements in salary. Dr. R. L. Fredstrom, assistant superintendent in charge of curriculum and instructional improvement, received an increase of \$400, as did David Sell, assistant superintendent in charge of business affairs.

Willis R. Hecht, attorney, will get a \$200 increase and Ralph H. Park, assistant superintendent of maintenance, \$300 more.

Dr. Janet F. Palmer, psychiatrist, will receive \$400 a month, \$25 more than her last year's salary.

## Architects Give Go Sign On New Operations Unit

School Board architects, Hull and Campbell, reported to the School Board Wednesday night that soil tests for the operation and maintenance building were satisfactory and that they were satisfied that the building could be constructed within the cost estimate given to the Board.

Carl Fisher, city engineer, reported that J Street, in front of Lincoln High School, and 13th Street, in front of Saratoga Elementary School, will have cutbacks completed before school opens this fall. It was hoped these cutbacks would improve the traffic situation in front of these schools.

## Governors Rap Ike's Aid Plan

### Executives Blast Sedition Rule

ATLANTIC CITY (AP) — The 49th annual Governors' Conference declined Wednesday in a row over federal aid to endorse the program of President Eisenhower's White House conference on education.

In a stormy windup session behind closed doors, the governors also rapped the Supreme Court's decision on state anti-segregation laws. This involved a flurry of debate over segregation.

The governors also eased Democratic Gov. G. Mennen Williams of Michigan off their executive committee, of which he has been a member four times, and out of any chance for the conference chairmanship.

Instead, the chief executives named Gov. Thomas B. Stanley of Virginia, a Democrat whose political views are far removed from those of Williams, as their chairman. The understanding was that next year's meeting will go to Williamsburg, Va.

**Tabbed**

In what was described as a high acrimonious session, the governors tabled a proposal to endorse not only the White House conference report on education but the Eisenhower-sponsored study of higher education.

The White House report recommended federal aid only for states which it said must have such help. Gov. Leo A. Hoegh of Iowa called for unanimous support by the governors for the proposal.

But Republican Gov. J. Bracken Lee of Utah said he moved in the closed session to amend the resolution to bar all federal aid to schools. Democratic Gov. Ernest W. McFarland of Arizona moved to kill Lee's amendment and won his point when Lee got only 14 votes. But Lee in turn moved to kill the resolution itself.

When there was a 20-20 tie vote, sponsors of the resolution gave up because conference rules require a vote of 36 governors for adoption of any proposal.

**New Paving District**

The Board of Education Wednesday night approved the creation of a paving district from Corner Boulevard east on L Street to 63rd Street. The Board signed a petition favoring such construction because Eastridge School is located on L Street in that area.

# \$4-Million Sewer Plan May Start In 1957

## Summer Targeted By Jeary

By BILL DOBLER  
Star Staff Writer

A summer of 1957 target date has been set by Mayor Clark Jeary for starting the \$4 million sanitary sewer improvement program recommended by Black & Veatch, consulting engineer from Kansas City, Mo.

While expressing this thought, Jeary also disclosed that the flow of raw sewage on the ground in the corner of the University Place Park has been halted, at least temporarily.

Removal of obstructions in the main sewer line through the park, Jeary said, has eased the situation at that point. However, he said, there is no assurance that future sewer loads on warm days will still not overload the line and result in more overflow near the park.

Jeary said he was advised by City Engineer Carl Fisher that the only sure remedy for the University Place trunk sewer line would be an estimated \$350,000 auxiliary line.

### Pool Resources

A suggestion that the city and Sanitary District 1 pool their resources for this project was made by the mayor.

The city is in no position, he said, to carry the entire load of such a large expenditure. District officials will be asked by Jeary about their feelings in the matter.

Jeary again stated that the overflow condition which existed in the park last week was a dangerous condition of an emergency nature.

In making plans for the overall \$4 million program, Jeary envisions a new city charter with provision for establishment of a utilities board. This board would handle all water, light and sewage activities, including the disposal plant at 27th and Theresa now operated by the District.

It is assumed, Jeary said, that the District would be willing to abandon the sewage field and concentrate upon flood control matters.

The new charter would be written by a group of 15 citizens which are yet to be appointed by the City Council. The charter would be submitted to a vote of the people at the city primary election in April, 1957, under Jeary's schedule.

By the time the charter was approved, the mayor said, state law needed in connection with the new measure could be well on its way through the Legislature.

Boy Gets Pre-Opening Irvingdale Dip

Gary Mills re-enacts for the photographer the plunge he took when he was the first person in the water at the city's new \$67,450 swimming pool at 20th

and Van Dorn in Irvingdale Park. The pool will be managed by Richard Beechner. Entrance to the pool parking lot will be from 20th Street. Shown above (left

to right) are: Ronnie Miller, Kathryn Hellweg, Sally Sheridan, David O'Morrow, Dan Achord, Dale Yost and Ronnie Smith. (Star Photo.)

## School Employees Get \$100 Pay Hikes

The Board of Education Wednesday approved salary increases of \$100 a year for teachers, maintenance employees and office personnel.

School board members expressed particular concern that other cities, especially Omaha, were getting far ahead of Lincoln in teachers' salaries. Omaha gave teachers a \$200 increase this year, compared to \$100 for Lincoln, which now makes Omaha's starting salary \$400 more than Lincoln's.

The cost of the schedule over last year's salaries is to be \$168,750 for teachers, \$35,554.51 for maintenance workers and \$11,400.38 for office personnel.

### New Schedule

The new salary schedule leaves non-degree holding teachers receiving from \$2,900 to \$3,750 per year, teachers holding bachelor's degrees from \$3,300 to \$5,150, and teachers holding master's degrees from \$3,500 to \$5,500.

Teachers holding doctorates may receive as much as \$400 above those holding master's degrees, and directors, co-ordinators, principals and assistant principals re-

ceive a differential ranging from \$275 to \$800 per year.

The salary schedule in any of the classifications allows increase of from \$100 to \$200 each year a teacher is employed by the Lincoln system, up to the maximum for the classification.

The differential for principals of elementary school having enrollment of more than 600 was increased from \$300 to \$400. One assistant principal at Lincoln High School was given the title of Dean of Boys and Director of Activities with a \$600 differential.

The principal of Southeast High School received an increase in differential from \$400 to \$500 and assistant principals at Lincoln and Northeast senior high schools received an increase of \$100 over the previous \$200 differential figure.

Employees under special contract also received advancements in salary. Dr. R. L. Fredstrom, assistant superintendent in charge of curriculum and instructional improvement, received an increase of \$400, as did David Sell, assistant superintendent in charge of business affairs.

Willis R. Hecht, attorney, will get a \$200 increase and Ralph H. Park, assistant superintendent of maintenance, \$300 more.

Dr. Janet F. Palmer, psychiatrist, will receive \$400 a month, \$25 more than her last year's salary.

## Architects Give Go Sign On New Operations Unit

School Board architects, Hull and Campbell, reported to the School Board Wednesday night that soil tests for the operation and maintenance building were satisfactory and that they were satisfied that the building could be constructed within the cost estimate given to the Board.

Carl Fisher, city engineer, reported that J Street, in front of Lincoln High School, and 13th Street, in front of Saratoga Elementary School, will have cutbacks completed before school opens this fall. It was hoped these cutbacks would improve the traffic situation in front of these schools.

## Governors Rap Ike's Aid Plan

Executives Blast Sedition Rule

ATLANTIC CITY (AP) — The 48th annual Governors' Conference declined Wednesday in a row over federal aid to endorse the program of President Eisenhower's White House conference on education.

In a stormy windup session behind closed doors, the governors also rapped the Supreme Court's decision on state anti-sedition laws. This involved a flurry of debate over segregation.

The governors also eased Democratic Gov. G. Mennen Williams of Michigan off their executive committee, of which he has been a member four times, and out of any chance for the conference chairmanship.

Instead, the chief executives named Gov. Thomas B. Stanley of Virginia, a Democrat whose political views are far removed from those of Williams, as their chairman. The understanding was that next year's meeting will go to Williamsburg, Va.

### Tabled

In what was described as a high acrimonious session, the governors tabled a proposal to endorse not only the White House conference report on education but the Eisenhower-sponsored study of higher education.

The White House report recommended federal aid only for states which it said must have such help. Gov. Leo A. Hoegh of Iowa called for unanimous support by the governors for the proposal.

But Republican Gov. J. Bracken Lee of Utah said he moved in the closed session to amend the resolution to bar all federal aid to schools. Democratic Gov. Ernest W. McFarland of Arizona moved to kill Lee's amendment and won his point when Lee got only 14 votes. But Lee in turn moved to kill the resolution itself.

When there was a 20-20 tie vote, sponsors of the resolution gave up because conference rules require a vote of 36 governors for adoption of any proposal.

### New Paving District

The Board of Education Wednesday night approved the creation of a paving district from Corner Boulevard east on L Street to 63rd Street. The Board signed a petition favoring such construction because Eastridge School is located on L Street in that area.

# Pilot Says 'Blind Faith' Helped Him To Endure Korea Torture

## Refused To Sign Germ Charges

WASHINGTON (INS) — A B-29 pilot said Wednesday his own "natural stubbornness" and a "blind faith" in America helped him to endure 14 months of physical and mental torture by the Reds in Korea without admitting false germ warfare charges.

Capt. Theodore Harris, who received the Bronze Star for his refusal to knuckle under to his captors despite severe pressure, related his story to the Senate Investigations subcommittee.

Appearing as a witness in a study of Communist "brainwashing" tactics, he credited his own heroism to "natural stubbornness" and said "more thorough knowledge of Communism" would have helped even more.

Harris, a native of Los Angeles and now an instructor at the Air Force Survival Training School near Reno, Nev., testified in detail on Communist interrogation methods.

**Brutality**  
As part of the "pattern" aimed at extorting a germ warfare confession from him, he said, he was kept in solitary confinement during his entire imprisonment, subjected to filth, degradation, brutality and constant questioning.

Severe burns he suffered when his plane was shot down over North Korea in 1952 were inadequately treated, he said, and his food sometimes was so bad that not even stray dogs would eat it.

On one occasion, Harris testified, he was forced to dig his own grave and then face a firing squad which pulled triggers on unloaded rifles while a Communist interrogator "rolled on the ground with laughter."

Harris said: "I decided if I was going to return at all, I would return with self-respect. If I couldn't come back that way, I wouldn't come back because that was very important."

**Helped**  
A "blind faith" in the American way of life also helped, he added.

Harris said he carried his stubbornness to the point of refusing repatriation unless the Communists erased his name from an unsigned germ warfare confession attributed to his crew. Finally, he said, his guards overpowered him and forced him to return to American hands.

**Treachery**  
Training steps designed to cope with Red interrogation and indoctrination methods were outlined to the subcommittee by retired Marine Corps Gen. G. B. Erskine.

The general, assistant to the Secretary of Defense as director of special operations, said in a prepared statement: "We may expect them (the Reds) to use prisoners as hostages for bargaining and blackmail, and as mouthpieces and transmission belts for harmful propaganda whenever they can."

**Treachery**  
"To the extent that our military personnel were not prepared for this type of trickery and treachery, we intend to see to it that they are prepared to cope with it in the future."

At present, he said, there is a two-point training plan based on discipline and esprit de corps, along with special teaching on "how to combat and survive the physical and mental conditions we know" a prisoner of the Reds must face.

A third training phase also is under way, he said, involving "specially selected units and individuals to bring the aid and support of the United States government to servicemen while they are in the custody of the Communists."

## School Property Is Sold For \$500

Lincoln Star Special  
BEATRICE, Neb.—Carl Rhine of Blue Springs has purchased the former Union Center School property for \$500. Rhine earlier bought the school building.

Members of the Union Center district attending the auction sale, discussed possible merging with the Wymore School district with which Union Center has been contracting for four years.

Asking Help From Police

Leaning up to the counter at Police Headquarters seeking help in finding his lost swimming outfit, is Valdis Bergman, 13-year-old, of 636 So. 10th, who said he lost the suit and a near-new terry-cloth beach towel somewhere between Muni Pool and his home.

The newsboy asked Jailer Floyd Orr, shown at the left behind the counter, if anybody had turned the suit in, but Policeman Orr could find nothing, though he promised to help.

(Star Staff Photo.)

## EVERYTHING GOES WRONG FOR BOY WHO LOSES SWIM ITEMS

By RICHARD FELLMAN  
Star Staff Writer

He went in swimming and when he got out his bike's front tire was out of air and he walked to the filling station and started back home—and then somewhere, he doesn't know exactly where, but somewhere he lost his swimming trunks.

All this happened to 13 year-old Valdis Bergman, of 636 So. 10th, a lad who will be a seventh grader next fall in Everett Junior High.

But to add insult to his injury, Valdis also lost a near-new terry-cloth beach towel valued at \$3.75 and a 25 cent bottle of sun tan lotion, after he had been specially and specifically warned by his mother to "be careful" with the new towel.

The end of the story hasn't come yet, and it won't until somebody either finds the lost towel and swimming suit or until Valdis is able to earn enough money selling newspapers at his corner of 11th and O St. to replace both his mother's towel and his new swim suit, and of course, his valued bottle of suntan lotion.

Demonstrating what Lincoln Police called "unusual initiative" for a boy his age, Valdis went to Police Headquarters early Tuesday evening to seek help in locating his lost articles.

Jailer Floyd Orr pulled out the big "lost and found book," or more properly, the Property Book, and searched for an entry labeled "found" under the column for new, black swimming suits. But, no luck.

Young Bergman estimates it will take him about another week selling papers to accumulate the necessary cash to replace the towel and get himself outfitted in the swimming suit of his choice. Last time, he says, he brought the last "tight and black one the store had."

**Community Chest Gets \$10,000 Gift**  
The Lincoln Community Chest has received a gift of \$10,000 from the Woods Charitable Fund to be used for needed capital repairs of the buildings of Chest member organizations.

"The buildings of several of our Chest agencies are at an age to require such major work as mending exterior wall cracks, roof replacement, or extensive replacement of plumbing or heating equipment," James Stuart, Chest president, stated, "and this gift provides the means to make some of these necessary repairs."

Regular annual budget allocations provide for normal maintenance and minor repairs, but not for major repairs developing over a longer period of time.

A recent survey of building conditions foresaw repairs estimated to cost around \$50,000 needed over the next five years.

A special building committee will be appointed, according to Stuart, to study the potential repairs and set up a priority of those most urgent.

**Low Bids \$63,000 On Three Projects**  
Bids have been received at the City Hall for construction of three special improvement projects with a combined low bid cost of \$63,045.

The projects and low bidders: Paving of 56th, Vine to Holdrege, Abel Construction Co., \$29,653.30.

Water district in Hollingsworth Heights, George L. Vlasnik, \$16,372.

Sewer district in Hollingsworth Heights, Chambers Construction Co., \$16,019.

## State Board Names Dillon Acting Chief

State Surveyor Hugh Dillon was named Wednesday as acting secretary of the Department of Educational Lands and Funds.

Dillon will take over for Bob Hiatt, resigning secretary, on July 2 when Hiatt begins work for the Farm Home Administration branch of the U. S. Department of Agriculture.

The decision to place Dillon in

Hiatt's job was made Wednesday by the Board of Educational Lands and Funds which interviewed six local candidates for the permanent job of secretary.

As state surveyor, Dillon has been working in the Lands and Funds department for several years. He has been a member of the department generally for 25 years.

Carl Deitemeyer, chairman of the board, said Dillon will handle the department work until a full-time secretary is chosen.

Hiatt has been secretary for the past year and a half. He had been with the department for six years.

Out-of-town applications for the job will be heard by the board on July 9th.

Thursday, June 28, 1956 THE LINCOLN STAR 3

## Officials Sued

EVANSVILLE, Ind. (INS) — Mayor Vance Harke, of Evansville, and several other city officials and directors of the city's recreational facilities were named in a \$115,000 damage suit which seeks to end segregation in municipal swimming pools.

The suit was filed in the name of 33 Negro children who live near one of the pools patronized by white citizens. The Ministerial Association of Negro pastors claims the children were denied admission to the pool.

## Plan Commission Budget \$19,882

A \$19,882 budget for the City Planning Commission has been approved by the group for the 1956-57 fiscal year.

The proposed budget is \$577 higher than last year's appropriation. The increase shows up in a boost in office salaries from a total of \$5,745 for the current year to \$6,552, a \$420 increase in operations and maintenance, and \$400 more for the cost of a \$11,000 survey planned for this year but not completed.

## Accommodating Nature

Southeastern and south central Nebraska have cause to put a blue star on their calendars for this current week.

It is bringing the needed rains in gratifying volume. Nature has turned gracious to a locality which learned what it was to be parched during 1955.

Central and eastern Nebraska have taken some early crop losses and may not experience full crop recovery. The wheat, while in good production, is spotty. Oats and barley are short crops. The second cutting of alfalfa could have been better with adequate subsoil moisture and pastures are still bearing drought scars.

But the recent rains have been a boon to the topsoil and the crop observers, while noting considerable runoff, are returning word that subsoil moisture is now on its way back. That speaks well for the corn. Moisture arriving there concurrently with the probing deep roots means precious crop strength against possible later dry periods.

Nature serves its own convenience and has never joined the federal farm program. But presently its convenience and man's need are travelling abreast and that is about the best news that can be voiced in this great agricultural region. We are happy to relay it.

## A Cool Answer

It is regrettable that President Eisenhower's disability cast its shadow over the scheduled visit of India's Prime Minister Nehru to the United States.

The meeting that was to have been held in the quiet precincts of Camp David, Maryland, early in July—a meeting urgently needed between the two heads of state for greater amity and a closer understanding between East and West—could not be held. The effects at present are difficult to calculate, but by no stretch of imagination can they be added to the plus side of U.S.-India relations.

Nehru's reply to the news of the changed plans was not reassuring—more on the cool side. He did not give a direct reply to the suggestion of a specific later date. He only voiced hope that a further opportunity would present itself in the

future for such a meeting. In the language of diplomacy, that is not a check one can cash. The vague reply coupled with a manifest attitude that presidential illness was not in itself a basis for a gracious postponement to a better given day only serves to reveal the state of relations that currently exist between the two nations.

The veiled significance lies in the unspoken rejection of conversations with any American other than the President—a subtle appraisal of the President is at variance with his own government in the matter of international relations and the only one acceptable as a conferee. For a nation of such power and responsibility, that is unwinding the rope of statecraft to a mighty thin strand.

## Name, Please?

This is an acknowledgement by the editor of an unsigned letter, one of many which editors receive, and which because they are unsigned or anonymous usually come to rest at the bottom of the wastebasket.

Our correspondence of unrevealed name takes us apart in approximately two pages of longhand because of an opinion we expressed earlier in the week that "few secretaries of agriculture have ever messed up the industry over a period of less than 36 months more than Secretary Benson." More to the point are these searching questions in the judgment of the correspondent: "I would like to know just how you can prove or justify such a bald, unqualified statement? How do you qualify as an agricultural expert? Are your opinions factual on all matters irrespective of your experience or qualifications?"

The answer to all these questions direct and implied is, "no." The editor is not an expert in any single field—no not even the son of an

expert. He merely was expressing an opinion which is held by a lot of other people—some of whom are out on the farm today.

If our unknown correspondent wants one proof of Secretary Benson's messing he need only recall that the Department of Agriculture, according to the news columns, could see no merit in the 'soil bank program' sponsored in a bill introduced by a Democrat in 1955 only to come around to the point where the 'soil bank' now becomes the chief prop of the department in mid-1956. Within the history of the 'soil bank' itself there have been so many rulings and reversals of rulings that not even those administering it seem to know from one week's end to the next 'what is what.'

This writer has respect for all individual opinions even including people who neglect to sign letters or for some reason—real or fancied—fail to do so. For the information of the letter writer this editor spent a happy golden boyhood not too far removed from a rural atmosphere in the joys of grandfather's farm, a happy boyhood with dirt under the fingernails not infrequently recalled today in a spirit of nostalgia with thoughts about the days of the old corn cultivator or of joining hands with the threshing crew, come the ripening wheat fields.

## Our Turn Now

Soviet Minister Shepilov has left Egypt where he confided to Premier Nasser Russia's readiness to extend foreign aid—mainly, in Egypt's instance, help in the financing and engineering of Aswan Dam.

Reports are emanating that Russia's earlier offer to extend a loan of \$400 million to make the dam a reality has now been revised to a total of well over a billion—the entire cost of the project.

It can be expected that Egypt, doing better each time, will turn to Britain and the United States to see if we care to top it.

Our position is not an agreeable one. But when it comes to assaying the blame we must point to ourselves. Straight buying of friendships only when our interests are served is not sound statecraft although popularly practiced. Earlier Egypt would have been deeply grateful for a great deal less especially if genuine concern for Egypt's welfare were involved. But at that time the United States coldly looked out the window. Egypt's needs have not changed. There is merit in aiding such a vital reclamation venture as the Aswan Dam but not a bit more than originally. The only change is that Egypt has scratched up a rival bidder and the deal now is a cold one—best bid takes.

## Pressure Is Off

The Justice Department acted promptly on the recent Supreme Court ruling against application of security restrictions on non-sensitive government jobs. The department has not only ceased to apply the program there but has ordered the restoration of 17 persons suspended previously.

The government's security program, aimed at defending against subversion, has lacked a great deal. Its worst feature was the sanctions it brought against public employees who by no stretch of imagination could have effected subversion through their jobs for the reason their jobs were not connected with sensitive tasks. It is well that such employees have been freed of concern for the threat to livelihood where there is no opportunity to do wrong ceases to be an act for security but a dangerous temptation for thought control by one of the most effective of weapons.

## Nehru Will Wait Until Ike Is Well

WASHINGTON — Quite a few diplomatic cables were exchanged across the Atlantic before the State Department was able to sidetrack the long-scheduled visit of Prime Minister Nehru of India.

At first the prime minister was advised informally that the President's illness would interfere with the visit and that while Mr. Eisenhower would be delighted to see him briefly, most of the conferring must be done with Secretary of State Dulles.

This did not please the Indian premier, who has talked to Mr. Dulles before and doesn't particularly like him. He hasn't forgotten that Dulles statement siding with Portugal in the row with India over Goa.

So Nehru was so burned up at the idea of talking to Dulles, not like, that his aids indicated he might not come to the U.S.A. at all.

It was at this point that he sent the cable to the President suggesting that the trip be deferred until Ike was fully recovered.

### GOP PRESS ON IKE

This newspaperman's mail has increased as a result of the President's illness. Most of my readers seem to be most sympathetic toward Mr. Eisenhower, but want all the facts about his health. Some of them, Republicans, believe GOP leaders are taking advantage of the President, imposing on him, risking his life further by demanding that he run again. A few editors have criticized my columns on Ike's health.

On the other hand, some of the outstanding Republican publishers in the nation have been extremely frank, much franker regarding the second illness than regarding the first.

DORIS FLEESON

## Governors Turn Silent On Nixon

ATLANTIC CITY, N.J. — The nation's 21 Republican governors petitioned President Eisenhower to run for re-election and spent the rest of the day explaining it just hadn't occurred to them to include Vice-President Richard M. Nixon in their pleadings.

No doubt the explanation is true of some of the signers. But it is definitely established from a responsible reporter's conversation with Governor Fred Hall of Kansas, author of the petition, that Nixon's name was omitted by design.

The reporter went over the petition's history with Governor Hall shortly after it was announced. Hall explained it had been suggested to him by a reporter's questions last Friday. The Kansas said he made a draft over the week-end and began passing it around.

Hall volunteered the statement that one of the GOP governors quickly said, "for God's sake, keep Nixon's name off of it." The Kansas did not identify that governor. There is no doubt, however, that there are several governors, if not more, who regard Nixon's value to the Eisenhower ticket as questionable.

When the press later began asking questions about the omission, Hall airily declared nobody had given it any thought. This can only be classed as one of those diplomatic denials common to politics. Altogether, Nixon had a bad day here.

North Carolina's conservative

Wrote John S. Knight of the Detroit Free Press, Miami Herald, Akron Beacon-Journal, and Associated Newspapers:

"The seriousness of the President's illness has been minimized by friendly editorialists who point to Adlai Stevenson's operation for kidney stones; Harry Truman's gall bladder operation; the recent surgery on Gov. Averell Harriman's prostate gland; Senator Lyndon Johnson's heart attack; and Senator Stuart Symington's sympathetomy for high blood pressure in 1947.

"How idle and misleading it is to pretend that the President, a former heart case and chronic sufferer from gastric disturbances, can fully regain his old vigor. But in their anxiety over the future, the Republican strategists and the big guns in the business world are determined to have Ike run, even though he may not last through a second term under the pressures of the job."

### MORE FRANKNESS

Here are other quotes from Republican of conservative newspapers showing a much more forthright approach to this time to the problem of the President's health. Toledo Blade: "A great many doctors must have said to themselves that they never before heard a doctor speak with such optimism about a patient right after he had undergone major surgery."

Richmond, Va., New Leader (Democratic but strongly pro-Eisenhower): "Surgery is nothing to laugh off. It means a strain on an already weakened heart. . . . twice within a nine-month period his body has given away. What might happen in the future is anybody's guess."

## Garden Glances With The Moon

Consider the Miles of the field, how they grow: they tell not, neither do they speak: And yet I say unto you, that even Solomon in all his glory was not arrayed like one of these.

Wherefore, if God so clothe the grass of the field, which today is, and tomorrow is cast into the oven, shall He not much more, clothe you, O ye of little faith? —Matthew 6:28-30

The moon today is in the flexed, watery and fruitful sign, Pisces. Then Saturday morning at 8:41 it will enter one of the most barren of phases movable and fiery Aries.

Saturday, Sunday and Monday until 4:20 a.m. it will be moving through this fiery and barren sign, which will give us time enough to complete the cleanup of storm-damaged trees. Broken limbs must be removed from lawn, parking or garden.

Also, pull and destroy weeds during Aries for quick results. Trees that you hoped to save should have their damaged limbs removed Thursday or Friday while June's waning moon is in Pisces. These are also splendid days on which to prune your spring-blooming shrubs. If you haven't already done this essential chore for symmetry and beauty, you really must get to it very, very soon before the hot dry days of summer that last far into the night are upon us.

Summer in a Lincoln garden is not all time-consuming chores as so many of us know. When our gardens have been thoughtfully

(Star Photo) A busy-bee-and-butterfly interlude . . . Nancy and Susan Holyoke and their mother, Mrs. George Holyoke (right) . . . and Mrs. Keaneth Holland (left) with John, Jane and Kenneth Holland . . .

planned and planted, they are a delight to the eye from dawn until dark, and an ever-changing picture day after day and week after week.

Today we feature regal lilies, for these natives of China now grace our gardens with their waxy-white trumpets, giving to the wayfarer a heavy, heady fragrance long to be remembered. Bees, particularly bumble bees, are very desirous of their nectar and tunnel deep into the tubes almost out of sight. When they do emerge, their legs and sometimes wings are dusted heavily with golden pollen.

In the picture observing the bees are our neighbors' children and their mothers — Mrs. George Holyoke, Susan and Nancy, the little girls in alike dresses — and Mrs. Keaneth E. Holland, Kenneth, Jr., John and Jane, who, as you know, live next door north of us. It was fascinating watching the enormous bumble bees at work until Nancy happened to see a butterfly and then they were off to chase the butterfly which flitted blithely away out of reach.

So until another day—

### Field And Stream

Lincoln, Neb.  
To the editor of The Lincoln Star: Within a few days a new executive secretary will take over as chief of the Nebraska Fish and Game Commission. Therefore, it strikes me that, like football head coaches, the new fish and game head should have a free hand in naming his immediate aids, among whom should be an expert aquatic biologist. In my opinion, unless that is brought about, Nebraska anglers will not come into their own; then the best fishing in the state will be in the state's own lakes and streams. Think about it, readers.

There is something else to which I am opposed. I have learned that a move is on to name one of the state's great dams or lakes as a memorial to the late Paul Gilbert. Why should any state employee be memorialized for doing what was his duty and for which he was paid?

FRED L. FASSETT

Editor's note: The movement to name a lake in southwest Nebraska after the late Paul Gilbert grows out of a feeling that on many occasions Mr. Gilbert served the fish and game interests of Nebraska far beyond the call of duty.

### Elks' Baseball

Lincoln, Neb.  
To the editor of The Lincoln Star: I recently had the opportunity again to see one of the Elks baseball games. If handled correctly, I think this is indeed one of the finest organizations for the boys that Lincoln offers. However, every year and more so this year it has seemed to me the coaching of players leaves something to be desired.

I have watched big league players for nearly 40 years, and if these boys are to get the right training, I really think things should be checked. The ones who rank the highest in batting averages are pulled from the game, and the only explanation is "I'm coaching." If these boys are to be taught good sound baseball, basic merit should be recognized. I realize it is hard to get good fellows to work with the boys, but it's not a thank-you job and I really feel they should be the best examples for these boys.

## Accommodating Nature

Southeastern and south central Nebraska have cause to put a blue star on their calendars for this current week.

It is bringing the needed rains in gratifying volume. Nature has turned gracious to a locality which learned what it was to be parched during 1955.

Central and eastern Nebraska have taken some early crop losses and may not experience full crop recovery. The wheat, while in good production, is spotty. Oats and barley are short crops. The second cutting of alfalfa could have been better with adequate subsoil moisture and pastures are still bearing drought scars.

## A Cool Answer

It is regrettable that President Eisenhower's disability cast its shadow over the scheduled visit of India's Prime Minister Nehru to the United States.

The meeting that was to have been held in the quiet precincts of Camp David, Maryland, early in July—a meeting urgently needed between the two heads of state for greater amity and a closer understanding between East and West—could not be held. The effects at present are difficult to calculate, but by no stretch of imagination can they be added to the plus side of U.S.-India relations.

Nehru's reply to the news of the changed plans was not reassuring—more on the cool side. He did not give a direct reply to the suggesting of a specific later date. He only voiced hope that a further opportunity would present itself in the

future for such a meeting. In the language of diplomacy, that is not a check one can cash. The vague reply coupled with a manifest attitude that presidential illness was not in itself a basis for a gracious postponement to a better given day only serves to reveal the state of relations that currently exist between the two nations.

The veiled significance lies in the unspoken rejection of conversations with any American other than the President—a subtle appraisal of the U.S. State Department and a suggestion that the President is at variance with his own government in the matter of international relations and the only one acceptable as a conferee. For a nation of such power and responsibility, that is unwinding the rope of statecraft to a mighty thin strand.

## Name, Please?

This is an acknowledgement by the editor of an unsigned letter, one of many which editors receive, and which because they are unsigned or anonymous usually come to rest at the bottom of the wastebasket.

Our correspondent of unrevealed name takes us apart in approximately two pages of longhand because of an opinion we expressed earlier in the week that "few secretaries of agriculture have ever messed up the industry over a period of less than 36 months more than Secretary Benson." More to the point are these searching questions in the judgment of the correspondent: "I would like to know just how you can prove or justify such a bald, unqualified statement? How do you qualify as an agricultural expert? Are your opinions factual on all matters irrespective of your experience or qualifications?"

The answer to all these questions direct and implied is, "no." The editor is not an expert in any single field—no not even the son of an

## Of Men And Things

By J. E. LAWRENCE

The voters of Lincoln and Lancaster County spoke Tuesday, and spoke unmistakably. As a community it could be important in the months ahead to try to understand some of the thinking that guided a great majority—a great majority, we say, because rarely has there been more emphatic rejection of bond proposals in an election than occurred Tuesday. Could be that we are saying farewell to one era, tendering a salute to another. There wasn't any question about desirability of these proposed improvements. At the end of the rainbow in each instance was something beautiful, attractive, appealing. Each hope, each dream offered something to make this a better community. That medical and recreation center, that combined city-county building, and that glistering new library all had merit. The amazing lopsided majorities cast against all three basically said to those urging approval, "These things are fine but in our present circumstances, they are a little too rich for our blood." That was not all the vote said but it was at the bottom.

It has been so easy—so ridiculously easy—to procure approval for bond issues in Lincoln more recently. When the voters turn around and by an even more incisive vote deliver a thunderous "no," there must be reason for this complete change in the voting habits of the individual. We could give any number of reasons that came to our attention. The facts were presented fully in support of the proposed bonds—possibly over-presented—in a militant, aggressive campaign. There is no basis for concluding because the bonds lost and lost by whopping margins, that Lincoln is backward, lacking in the spirit of progress, and given to the habit of penny-pinching. This is a good community and its people have earned a reputation for public-spiritedness in the building of a beautiful city.

Not only in Lincoln but in many other areas in the country at this time there is a certain amount of uncertainty. The disposition is to be a little bit more cautious than perhaps a year ago or two years ago. Here defeat of the bonds can be explained, and we believe soundly, by a feeling that for the present we have a reasonably heavy load of bonded indebtedness—not necessarily by comparison with other communities—but surely in the character and tradition of Lincoln itself.

While so gratifying, so swift has been the growth of Lincoln in slightly more than a decade, almost overnight, it has seemed, we are no longer a barefoot boy, but mature and sorely in need of long pants. We had so many needs, we discovered—money for schools—money for water expansion—money for sewers—money for what-not and where-for. There was no end to our needs—to the things that we could have used—to the things that contribute to a community and add to its attractiveness. This editor happened to serve on the committee which made the preliminary study of city-county facilities and recommended a city-county building along with the establishment of an authority. He is not speaking out of school when he observes he had urged as a course of action that the vote taken Tuesday be postponed for at least two years. There is so much to challenge thought and to engage the attention of Lincoln's public-spirited citizens as a result of this campaign which came to a close.

The bond issues were defeated Tuesday primarily because the voters did not feel they could bear the extra burdens at this time. Among the thoughts of some voters may have also been the question of pressing need.

First Things First

to our needs—to the things that we could have used—to the things that contribute to a community and add to its attractiveness. BOB CONSIDINE

## Kefauver Passes By Conference

ATLANTIC CITY — Sen. Estes Kefauver was the forgotten man of the 48th annual governors' conference. The record shows that, except for Adlai Stevenson, more delegates prefer him as the Democrat nominee than any other man in the race officially or unofficially. He gave Stevenson a solid whipping in Minnesota, winning 26 of the 30 convention delegates.

But you never heard his name mentioned when the governors grubbed about this sandbar in solemn annual convention. Estes had no one to speak up for him. His opponents didn't even honor him with a blast. He appeared to be as actively in the minds of the politicians as, say, Rutherford B. Hayes.

He was, however, the subject of one joke (small size). Kefauver has come to the conclusion the reason he lost ground recently is that unlike Eisenhower, Stevenson, Harriman and Truman he has never had a major operation.

"I didn't come here to do any politicking," he said to one of the other day. "I'm doing no button-holing. Neither is any of my associates."

The governor would have had more to say but he had to rush off to greet the 25 Democratic governors he had invited to cocktails.

Happy Chandler's press conference remains the high humor note

of the conference. His comments on a host of subjects, his endearing references to the slightly battle-axed lady reporters as "honey," and particularly his self-sacrificing offer to submit to a White House draft brought roars of laughter. The Kentucky governor who once was baseball's czar good-naturedly joined in the laughter.

One reporter who started to ask Happy a question about what he would do with the tangled foreign situation if he were president became hysterical in the midst of the query.

It took him three coughing, sputtering minutes to complete the sentence.

"Ah get the impression you don't think ah will be nominated and elected," Happy said to him, with a fine show of teeth.

The governors' ladies made an unforgettable picture as they walked single file into the ornate dining room of the Shelburne for the state dinner. The band played "A Pretty Girl Is Like A Melody," and it couldn't have been more appropriate. They looked just fine. Their husbands in white dinner jackets and special dress shirts presented by the Schiffli lace and embroidery institute, made an equally impressive entrance to the stirring thumps of "Pomp and Circumstance." The country looked in good hands.

# Eden Warned Russia Britain Would Fight To Keep Mid-East Oil

LONDON (U) — Commonwealth prime ministers were told Wednesday Sir Anthony Eden warned Soviet leaders on their April visit here that Britain would go to war if Russian action blocked off Middle East oil.

The prime ministers of the eight

## Herbert Gish To Retire As Army Colonel

Lincoln Star Special

FT. SNELLING, Minn. — Col. Herbert D. Gish, former Lincolnite, will be retired July 1st from the Army Reserve after more than 23 years' service.

Wednesday night the colonel conducted an inspection of the Reserve unit he commands, 9253d ARSTU at Ft. Snelling, and afterwards was presented a tape recorder by the unit.

Gish, 58, is a Lincoln High School and University of Nebraska graduate and was an outstanding athlete at both schools. At Lincoln High he played on state championship track and basketball teams and at the University he set a record in the high hurdles. After graduation he served as assistant athletic director and later as athletic director.

He entered the insurance business in 1932 in Lincoln and joined the Army Reserve a year later. Called to active duty in 1940, Gish served in California, Hawaii and New Guinea. He was awarded the Bronze Star for his Pacific service. When the war ended he returned to the U.S. and became director of the insurance division of the Veterans Administration at Ft. Snelling.

Gish was made commanding officer of his Reserve unit in 1950 and will officially retire July 1st. He and his wife, the former Irene Graham, have three children: Herbert, with the Minnesota Mining Co. in Philadelphia; M. S. Frank B. Anderson of Omaha; and Phyllis, a junior at the University of Nebraska. Gish and his wife reside at Quarters 5-A, Ft. Snelling.

## Platte Soil Bank Request Sent Benson

A recommendation was passed along to Agriculture Secretary Ezra Benson for Platte County Wednesday requesting that farmers be allowed to graze livestock on soil bank land.

The request was forwarded from Gov. Victor Anderson's office. Recommendations for grazing the soil bank land are made by Ed Hoyt, agriculture director for Nebraska.

Major cause of the requests has been the tight feed and pasture situations in the area.

A similar request and recommendation was passed along by the governor Tuesday for Colfax County following the appeal of a delegation to the agriculture director.

Both counties initiated the requests in the form of resolutions from their county boards of supervisors.

Under the soil bank program, special approval must be given in cases where land is put out of use to put it back into use for grazing purposes.

Drought is the only major condition under which special privileges can be given for using the soil bank land for grazing.

overseas Commonwealth nations were briefed on the April warning before they heard Prime Minister Eden's speech opening their conference on world affairs.

Informants said Eden had formed the opinion that Premier Nikolai Bulganin and Communist party secretary Nikita Khrushchev took the warning seriously.

At least Eden reported to the prime ministers the Middle East is calmer and Russia so far seems to be helping in the U.N. quest for settlement of the Arab-Israeli dispute.

Eden told a Conservative party rally June 1 that Britain would fight "if ever our oil resources were in peril." But this was the first disclosure he had told Bulganin and Khrushchev the same thing. The Middle East is the main

source of Britain's oil supplies.

Eden apparently made no direct reference to the warning in his speech to the prime ministers. But he told them they stand in danger of being overwhelmed in a new trade war with Russia unless they reshape their policies.

In an appraisal of the aims and trends of Russia's new look regime, Eden predicted an era of developing competition between

## Real Estate Firm Incorporates Here

A Lincoln real estate firm, B & G, Inc., filed articles of incorporation with the Secretary of State Wednesday.

Incorporators of the \$150,000 firm are Joseph Ginsburg and Norman M. Krivosh, both of

the East and West for influence in the uncommitted nations of Europe, Asia and Africa.

Eden made it clear Britain and other NATO countries are working urgently on plans to meet the Communist challenge by scaling down spending on conventional arms and armies to strengthen their economies.

The gist of Eden's opening statement was disclosed by conference officials. It was followed by a gen-

eral discussion of the international situation which will be continued Thursday.

Super-Cabinet  
In some ways the talks serve the purpose of a super-cabinet meeting of the Commonwealth. But no firm decisions can emerge. The prime ministers can only swap ideas and information. Any conclusions they may reach will have to be taken back home for discussions and possible action by their governments.

The prime ministers are Jawaharlal Nehru of India, Chaudhri Mohammed Ali of Pakistan, Solomon Bandaranaike of Ceylon, Robert G. Menzies of Australia, Sidney Holland of New Zealand, Louis St. Laurent of Canada, J. G. Strijdom of South Africa and Lord Malvern of the Central African Federation.

# Eden Warned Russia Britain Would Fight To Keep Mid-East Oil

LONDON (U. — Common-wealth prime ministers were told Wednesday Sir Anthony Eden warned Soviet leaders on their April visit here that Britain would go to war if Russian action blocked off Middle East oil.

## Herbert Gish To Retire As Army Colonel

Lincoln Star Special  
FT. SNELLING, Minn. — Col. Herbert D. Gish, a former Lincolnite, will be retired July 1st from the Army Reserve after more than 23 years' service.

Wednesday night the colonel conducted an inspection of the Reserve unit he commands, 9253d ARSTU at Ft. Snelling, and afterwards was presented a tape recorder by the unit.

Gish, 58, is a Lincoln High School and University of Nebraska graduate and was an outstanding athlete at both schools. At Lincoln High he played on state championship track and basketball teams and at the University he set a record in the high hurdles. After graduation he served as assistant athletic director and later as athletic director.

He entered the insurance business in 1932 in Lincoln and joined the Army Reserve a year later. Called to active duty in 1940, Gish served in California, Hawaii and New Guinea. He was awarded the Bronze Star for his Pacific service. When the war ended he returned to the U.S. and became director of the insurance division of the Veterans Administration at Ft. Snelling.

Gish was made commanding officer of his Reserve unit in 1950 and will officially retire July 1st. He and his wife, the former Irene Graham, have three children: Herbert, with the Minnesota Mining Co. in Philadelphia; Mrs. Frank B. Anderson of Omaha; and Phyllis, a junior at the University of Nebraska. Gish and his wife reside at Quarters 5-A, Ft. Snelling.

## Platte Soil Bank Request Sent Benson

A recommendation was passed along to Agriculture Secretary Ezra Benson for Platte County Wednesday requesting that farmers be allowed to graze livestock on soil bank land.

The request was forwarded from Gov. Victor Anderson's office. Recommendations for grazing the soil bank land are made by Ed Hoyt, agriculture director for Nebraska.

Major cause of the requests has been the tight feed and pasture situations in the area.

A similar request and recommendation was passed along by the governor Tuesday for Colfax County following the appeal of a delegation to the agriculture director.

Both counties initiated the requests in the form of resolutions from their county boards of supervisors.

Under the soil bank program, special approval must be given in cases where land is put out of use to put it back into use for grazing purposes.

Drought is the only major condition under which special privileges can be given for using the soil bank land for grazing.

No wick • No wait • No waste

Guaranteed by Good Housekeeping

overseas Commonwealth nations were briefed on the April warning before they heard Prime Minister Eden's speech opening their conference on world affairs.

Informants said Eden had formed the opinion that Premier Nikolai Bulganin and Communist party secretary Nikita Khrushchev took the warning seriously.

Calmer Now  
At least Eden reported to the prime ministers the Middle East is calmer and Russia so far seems to be helping in the U.N. quest for settlement of the Arab-Israeli dispute.

Eden told a Conservative party rally June 1 that Britain would fight "if ever our oil resources were in peril." But this was the first disclosure he had told Bulganin and Khrushchev the same thing. The Middle East is the main

source of Britain's oil supplies.

Eden apparently made no direct reference to the warning in his speech to the prime ministers. But he told them they stand in danger of being overwhelmed in a new trade war with Russia unless they reshape their policies.

Growing Competition  
In an appraisal of the aims and trends of Russia's new-look regime, Eden predicted an era of developing competition between

## Real Estate Firm Incorporates Here

A Lincoln real estate firm, B & G, Inc., filed articles of incorporation with the Secretary of State Wednesday.

Incorporators of the \$150,000 firm are Joseph Ginsburg and Norman M. Krivosha, both of

the East and West for influence in the uncommitted nations of Europe, Asia and Africa.

Eden made it clear Britain and other NATO countries are working urgently on plans to meet the Communist challenge by scaling down spending on conventional arms and armies to strengthen their economies.

The gist of Eden's opening statement was disclosed by conference officials. It was followed by a gen-

eral discussion of the international situation which will be continued Thursday.

Super-Cabinet  
In some ways the talks serve the purpose of a super-cabinet meeting of the Commonwealth.

But no firm decisions can emerge. The prime ministers can only swap ideas and information. Any conclusions they may reach will have to be taken back home for discussions and possible action by their governments.

The prime ministers are Jawaharlal Nehru of India, Chaudhri Mohammed Ali of Pakistan, Solomon Bandaranaike of Ceylon, Robert G. Menzies of Australia, Sidney Holland of New Zealand, Louis St. Laurent of Canada, J. G. Strijdom of South Africa and Lord Malvern of the Central African Federation.

NU Officials Report-

Teacher Need Is Greater Than Ever

The need for teachers is more acute than ever according to the record of the University of Nebraska Teacher Placement Division.

Although three months remain in the division's calendar year, the number of requests for teachers has already exceeded last year's total by nearly 2,000.

From September until June 1, approximately 10,300 requests for teachers were filed with the division. Last year's total was 8,700.

Dr. Wesley C. Meierhenry, coordinator of the division, explained that the need for teachers is acute since the number of both new and experienced teachers registered with the division has remained at about 1,000 for each of the last 30 years.

Shot Up Since  
The number of requests, he said, rose slowly to about 2,000 in 1951. Since then the totals have shot rapidly upward.

This is a typical situation in the placement office. The superintendent of one of Nebraska's larger school systems recently came in and said, "I'm still looking for a

Phys. Ed. man—and Spanish."

The personnel specialist just shook her head and said, "We don't have any."

Meierhenry said the state's larger school systems are feeling the need as well as the small schools.

"It's everybody's problem," he said.

Areas in which the shortage is

most critical include music, commercial arts, home economics and almost all of the specialized skills.

There also is a great need for men trained to teach in elementary schools.

One of the chief problems faced by Nebraska schools, Meierhenry said, is that other states are attracting University-trained teachers by offering starting salaries as

much as \$1,000 above those offered by the average Nebraska school.

For example, one beginning teacher will be paid \$4,200 in California. Another will earn \$4,500 while his wife, also a new teacher, will be paid \$3,600 in a school in Illinois.

The average salary in Nebraska for a beginning teacher is about \$3,200.

NU Officials Report—

Teacher Need Is Greater Than Ever

The need for teachers is more acute than ever according to the record of the University of Nebraska Teacher Placement Division.

Although three months remain in the division's calendar year, the number of requests for teachers has already exceeded last year's total by nearly 2,000.

From September until June 1, approximately 10,300 requests for teachers were filed with the division. Last year's total was 8,700.

Dr. Wesley C. Meierhenry, coordinator of the division, explained that the need for teachers is acute since the number of both new and experienced teachers registered with the division has remained at about 1,000 for each of the last 30 years.

The number of requests, he said, rose slowly to about 3,000 in 1951. Since then the totals have shot rapidly upward.

This is a typical situation in the placement office. The superintendent of one of Nebraska's larger school systems recently came in and said, "I'm still looking for a

Phys. Ed. man—and Spanish." The personnel specialist just shook her head and said, "We don't have any."

Meierhenry said the state's larger school systems are feeling the need as well as the small schools.

"It's everybody's problem," he said.

Areas in which the shortage is

most critical include music, commercial arts, home economics and almost all of the specialized skills.

There also is a great need for men trained to teach in elementary schools.

One of the chief problems faced by Nebraska schools, Meierhenry said, is that other states are attracting University-trained teachers by offering starting salaries as

much as \$1,000 above those offered by the average Nebraska school. For example, one beginning teacher will be paid \$4,200 in California. Another will earn \$4,500 while his wife, also a new teacher, will be paid \$3,600 in a school in Illinois.

The average salary in Nebraska for a beginning teacher is about \$3,200.

York County Home Agent Resigns Post

YORK, Neb. — Mrs. Greta Hauke, home agent of York County since 1933, has resigned her post to become area home agent of nine counties in the southwestern part of the state. Her headquarters will be at the University of Nebraska College of Agriculture in Lincoln.

Mrs. Hauke came to York from Custer County. No successor has as yet been named.

New Diet

Fabulous liquid formula

DRINK IT AND LOSE 5 TO 50 POUNDS!

Imagine dieting without ever feeling hungry or weak... without having extra dishes to prepare... without being tempted to cheat a bit.

Now, in the July Journal, find out about this completely new diet plan, developed by the Rockefeller Institute for Medical Research and tested by Journal editors.

Learn the formula for this unique, nutritious drink. It's tasty, easy to make, simple to use and so economical. Read how you can achieve the figure you want! Want to diet only at lunchtime? Like a weekend pause that reduces? Don't miss the unlimited possibilities for part-time dieters, too, in "Fabulous Formula Diet."

# Nebraska Group Set To Present Case For Animal Disease Lab

ST. LOUIS, Mo. — Delegation of Nebraska livestock and poultry producers, headed by Dean W. V. Lambert of the University of Nebraska College of Agriculture, will meet with the committee Thursday. The group seeks to have the laboratory located adjacent to the University.

The site committee, headed by Don Collins of Kit Carson, Colo., is composed of representatives of the livestock industry, land grant colleges, the veterinary medical profession and state departments of agriculture.

University Chancellor Clifford M. Hardin and Gov. Victor Anderson selected the Nebraska committee, which also includes:

Dr. J. L. George, state veterinarian; R. E. Hill of Lincoln, past president of the Poultry and Egg national board; Ed Hoyt, state agricultural director; Forrest Lee of Brownlee, president of the Sandhills Cattleman's Association; State Sen. O. H. Liebers of Lincoln, director and executive committee member of the American Guernsey Cattle Club; Willard Waldo of De Witt, past president of Nebraska Livestock Breeders and Feeders Association; Early Montyhan of Hannibal, research committee chairman for the Nebraska Livestock Growers Association; Dr. W. J. Simic of Beatrice, president of the Nebraska Veterinary Medical Association; D. V. Spohn of Superior, president of the Nebraska Sheep Breeders Association; and J. L. Welsh of Omaha, University of Nebraska regent.

## 50 Delegations

More than 50 delegations were scheduled to appear in the four-day hearing which will last through Saturday.

## Securities Mutual Permit Is Issued

A building permit has been issued for construction of the new Securities Mutual Life Insurance Co. office building at 220 No. 15th for an estimated cost of \$705,000. The permit specifies a building of 72 by 211 feet. Three stories and a basement will be provided.

Nebraska Group Set To Present Case For Animal Disease Lab

ST. LOUIS (AP) — Delegation after delegation paraded Wednesday before a U.S. Department of Agriculture committee hearing to pick a site for an 18-million-dollar government animal disease laboratory. An 11-man Nebraska delegation

headed by Dean W. V. Lambert of the University of Nebraska College of Agriculture will meet with the committee Thursday. The group seeks to have the laboratory located adjacent to the University. University Chancellor Clifford M. Hardin and Gov. Victor Anderson selected the Nebraska committee, which also includes: Dr. J. L. George, state veterinarian; R. E. Hill of Lincoln, past president of the Poultry and Egg national board; Ed Hoyt, state agricultural director; Forrest Lee of Brownlee, president of the Sandhills Cattlemen's Association; State Sen. O. H. Liebers of Lincoln, director and executive committee member of the American Guernsey Cattle Club; Willard Waldo of De Witt, past president of Nebraska Livestock Breeders and Feeders Association; Early Monahan of Hyannis, research committee chairman for the Nebraska Livestock Growers Association; Dr. W. J. Simic of Beatrice, president of the Nebraska Veterinary Medical Association; D. V. Spohn of Superior, president of the Nebraska Sheep Breeders Association; and J. L. Welsh of Omaha, University of Nebraska regent.

50 Delegations More than 50 delegations were scheduled to appear in the four-day hearing which will last through Saturday.

Securities Mutual Permit Is Issued

A building permit has been issued for construction of the new Securities Mutual Life Insurance Co. office building at 220 No. 15th for an estimated cost of \$705,000. The permit specifies a building of 72 by 211 feet. Three stories and a basement will be provided.

The site committee, headed by Don Collins of Kit Carson, Colo., is composed of representatives of the livestock industry, land grant colleges, the veterinary medical profession and state departments of agriculture. Collins, president of the American National Cattlemen's Association, said the committee will visit a selected list of sites before coming to a decision. The proposed laboratory is to replace an obsolete facility in Washington, D.C. Three sites in North Carolina, one on state-owned property, were proposed by Dean D. W. Colvard of the College of Agriculture at North Carolina State. The North Carolina delegation said construction costs in that state were among the lowest in the nation. Dr. Louis B. Howard, dean of the University of Illinois at Champaign-Urbana, led an Illinois delegation in urging selection of one of three possible sites adjacent to the university's farm. Earlier in the day delegations from Montana State College and Pennsylvania State College, Iowa State College at Ames, Ohio State University at Columbus, Texas A.A.M. at College Station, and representatives from chambers of commerce in Texas and Missouri were among those coming before the committee. Chairman Collins listed several conditions that must be met before the site would be selected: the site must be located away from a metropolitan area, must be close to center of livestock production, must be near or in conjunction with one of the land grant schools having a strong veterinary medical program. Collins also said the site should be near a community that can readily absorb 100 to 200 new families, and added the site must be from 200 to 400 acres in size and near major rail, airline and permanent hard road connections. Collins held each delegation to its allotted time of thirty minutes before the committee.

**STANTON DELAPLANE**

**POSTCARD**

The last time I was on Highway 50, I drove it in a Model-T Ford. We hung two desert waterbags on the door handle. (There was only one if you remember. On the driver's side you leaped over the solid side, skinning your ankle on the emergency brake.)

This was long enough ago that there were no paved roads between Omaha and Los Angeles. Some of the roads had been marked by the Automobile Club of Southern California. Blue, tin diamond-shaped signs.

They were a boon to cowboys and prospectors who got awfully tired shooting at sage brush. The signs made excellent targets. Unfortunately the shots flaked the paint off. And a trip across Nevada was a constant guessing game as to what the sign meant where you could still read:

"—ELD—"  
 "—LES—"

Nowadays, Highway 50 is a wide, well-engineered road that sweeps across the state through mile after mile of sagebrush. Mostly at a cooler elevation of about 7000 feet. You pick up 50 at Carson City, Nevada, and follow it generally along the Carson River. The old gold route to California.

The Forty-niners wore a deep path through the desert along here. And with a jeep and plenty of water you can take off and find the wagon that broke down on the 40-mile desert.

The gold route followed Highway 40 along the Humboldt until it came to the flat alkali flats and marshes of the Humboldt sink.

Then it was a long pull across to the Carson.

"This was the tug-of-war," my great-grandfather wrote when he crossed here in 1850. "The 40-mile desert between Humboldt lake and Carson river which is a literal desert, sure enough! It took us two days to cross."

"Part of this desert is as level as a floor and nothing grows on it for it is white salt and alkali. Many of the gold hunters threw away carpenter and blacksmith tools, trunks and anything else they could spare."

"I counted 1120 dead cattle, 330 dead horses, 67 dead mules, two dead jacks and a jenny all inside the 40 miles. For just about all the weak stock gave out and died here."

\*\*\*

"Water was hauled back on this sand desert from the Carson river," said grandpa. "It sold for A DOLLAR A GALLON!"

"But accidentally a man discovered a sink hole half a mile south of the main road, and in it, half way downhill on the north side, a spring of good pure water gushed out and there was a drop on water and the trust busted."

Grandpa was against trusts and was constantly mad at the railroads. The discovery of water in the desert and the discomfiture of the water haulers gave him prime evidence that Providence and he were on the same side.

\*\*\*

Highway 50 has changed a good deal since I drove it with the steam Model-T. (This year's Ford didn't even let off a little steam of nostalgia.)

The road at that time was desert sand. And the constant wind that sweeps the long Nevada plains gave it a rippled washboard effect. It took a hardy car to survive it. (And hardy young men. I was very hardy in those days and still am. I just don't care to push my luck so far what with the way I see all my friends changing, not taking care of themselves.)

The mining camp roads forked off at intervals without a sign to show you which one to take. It was a matter of guessing or flipping a coin.

# Farwell Irrigation Plan Approval Urged

## Senate Group Hears Plea

WASHINGTON (U) — Congressional approval of the 30 million dollar Farwell unit of the Missouri Basin Reclamation Project was urged before the Senate Subcommittee.

Sens. Curtis and Hruska (R-Neb.) joined representatives of the Farwell Irrigation District in testimony as to the need and feasibility of the project to irrigate 52,530 acres north of Grand Island, Neb.

C. P. Shaughnessy, St. Paul, Neb., attorney for the district, said the farmers have the ability to meet annual charges of \$8.10 an acre for water supply, an amount determined as required to meet maintenance expenses and repay the government 11 million dollars in 50 years toward costs of the project.

The remainder of the federal cost, except for small non-reimbursable items for flood control, fish and wildlife and recreation, would be repaid from power revenues of the Missouri Basin development.

Shaughnessy was accompanied by Peters Bedura, Anders Nielsen and Rudy Mansel, directors of the irrigation district.

Miller said the project authorization bill has been approved by the House Reclamation Subcommittee and that it will be acted upon possibly next week by the full House Interior Committee.

## New Post Office For Gering OKd

WASHINGTON (U) — The Budget Bureau approved acquisition by the government of a new post office at Gering, Neb., through the lease-purchase plan.

Sen. Curtis said he was informed the proposal now will go to the House and Senate Public Works Committees for approval.

The estimated cost is \$136,915. Private interests will construct the building and the government will acquire ownership over a period of years through rental payments.

Change Of Church Command Takes Place

The outgoing moderator of the Congregational Christian Churches, Dr. Albert Buckner Coe of Boston, places the symbolic moderator's cross on his successor, attorney George B. Hastings of Grant, Neb. The change of church command took place Wednesday as the Congregationalists' general council meeting in Omaha drew to a close. (AP Wirephoto)

## Church Group Takes Collection To Finance Segregation Issue

By GEORGE W. CORNELL

OMAHA (U)—Moving into an arena rarely entered by a church denomination, Congregational Christians Wednesday nailed down their decision to back a court case on the segregation issue.

Officials said they knew of no other national church body that has taken such action in modern times.

"This is our supreme opportunity to give witness, to be true prophets—to put up or shut up," said the Rev. Edward A. Hastings, Tacoma, Wash.

"We've talked for years about our concern in this matter, but we've never had a real issue with which to come to grips."

At the close of a week-long meeting, the church's General Council instructed its executive committee to carry on a case against the local American Legion post on the grounds it discriminated against a Negro delegate.

grounds it discriminated against a Negro delegate.

"If a church can make social pronouncements, then it's perfectly legitimate for a church to take legal action," said Dr. Douglas Horton, longtime church leader and dean of Harvard University Divinity School.

Collect \$500

To start the financial arrangements rolling, a collection plate was passed, raising \$500. Delegates then directed the committee to pursue the case, and take "appropriate steps," for other fund-raising to meet expenses.

Involved in the case is A. Houston Gordon, Chicago Legionnaire and delegate, who assertedly was refused a room—for which arrangements had been made at the Legion Club—after the club learned he was a Negro.

## Holdrege GOC Tower Under Consideration

HOLDREGE, Neb. (U) — Kenneth Jackson of Holdrege, civil defense director for Phelps county, is calling for volunteers to man a U.S. Ground Observer Corps tower.

There is a possibility such a tower will be located near Holdrege, if enough volunteer operators are willing to participate, he said.

## Jump May Have Saved Young Driver's Life

WINSIDE, Neb.—Eddie Swanson, 15, suffered a broken leg but may have saved his life when he jumped from a tractor as it started to roll into a creek on the Edgar Swanson farm near Winside.

## Dedication Of Dodge Church Attracts 900

LINCOLN STAR SPECIAL  
DODGE, Neb. — An overflow crowd of more than 900 persons packed new St. Wenceslaus Catholic Church here for dedication ceremonies Wednesday.

Archbishop Gerald Bergan of Omaha dedicated the \$250,000 structure and the church's pastor, the Rev. Francis Oborny, said solemn mass. Forty-six priests and local civic officials were among those attending.

Speakers had to be set up in the church basement as the 700-seat main floor was filled. A dinner followed the ceremonies. Dodge celebrated a legal holiday from 9 a.m. to 3 p.m. in honor of the dedication.

Construction of the church was started in October, 1954. Completed last week, it is made of brick and has a stone trim.

# Farwell Irrigation Plan Approval Urged

## Senate Group Hears Plea

WASHINGTON (AP) — Congressional approval of the 30 million dollar Farwell unit of the Missouri Basin Reclamation Project was urged before the Senate Subcommittee.

Sens. Curtis and Hruska (R-Neb.) joined representatives of the Farwell Irrigation District in testimony as to the need and feasibility of the project to irrigate 52,530 acres north of Grand Island, Neb.

C. P. Shaughnessy, St. Paul, Neb., attorney for the district, said the farmers have the ability to meet annual charges of \$8.10 an acre for water supply, an amount determined as required to meet maintenance expenses and repay the government 11 million dollars in 50 years toward costs of the project.

The remainder of the federal cost, except for small non-reimbursable items for flood control, fish and wildlife and recreation, would be repaid from power revenues of the Missouri Basin development.

Shaughnessy was accompanied by Peters Bedura, Anders Nielsen and Rudy Manisel, directors of the irrigation district.

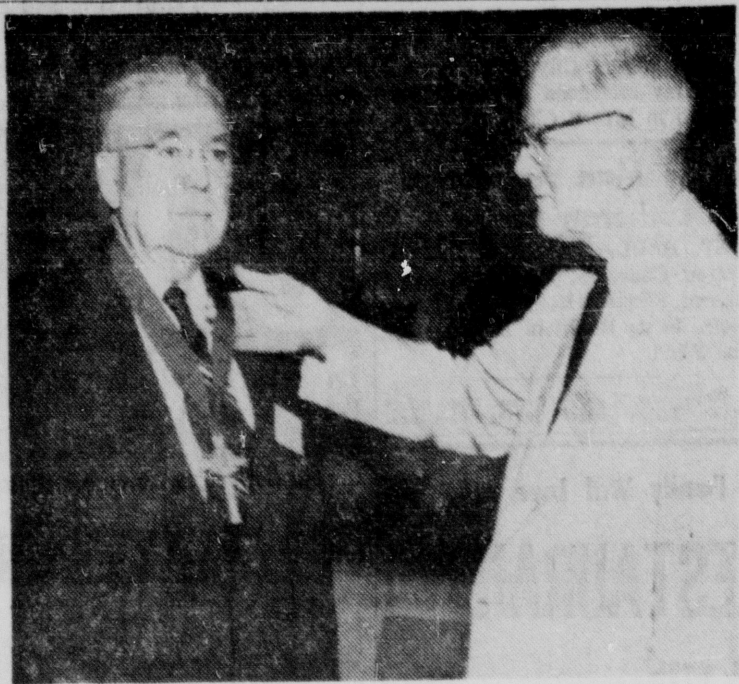

Miller said the project authorization bill has been approved by the House Reclamation Subcommittee and that it will be acted upon possibly next week by the full House Interior Committee.

## New Post Office For Gering OK

WASHINGTON (AP) — The Budget Bureau approved acquisition by the government of a new post office at Gering, Neb., through the lease-purchase plan.

Sen. Curtis said he was informed the proposal now will go to the House and Senate Public Works Committees for approval.

The estimated cost is \$136,915. Private interests will construct the building and the government will acquire ownership over a period of years through rental payments.

## Change Of Church Command Takes Place

The outgoing moderator of the Congregational Christian Churches, Dr. Albert Buckner Coe of Boston, places the symbolic moderator's cross on his successor, attorney George B. Hastings of Grant, Neb. The change of church command took place Wednesday as the Congregationalists' general council meeting in Omaha drew to a close. (AP Wirephoto)

## Church Group Takes Collection To Finance Segregation Issue

By GEORGE W. CORNELL

OMAHA (AP)—Moving into an arena rarely entered by a church denomination, Congregational Christians Wednesday nailed down their decision to back a court case on the segregation issue.

Officials said they knew of no other national church body that has taken such action in modern times.

"This is our supreme opportunity to give witness, to be true prophets—to put up or shut up," said the Rev. Edward A. Hastings, Tacoma, Wash.

"We've talked for years about our concern in this matter, but we've never had a real issue with which to come to grips."

At the close of a week-long meeting, the church's General Council instructed its executive committee to carry on a case against the local American Legion post on the

grounds it discriminated against a Negro delegate.

"If a church can make social pronouncements, then it's perfectly legitimate for a church to take legal action," said Dr. Douglas Horton, longtime church leader and dean of Harvard University Divinity School.

### Collect \$500

To start the financial arrangements rolling, a collection plate was passed, raising \$500. Delegates then directed the committee to pursue the case, and take "appropriate steps," for other fund-raising to meet expenses.

Involved in the case is A. Houston Gordon, Chicago Legionnaire and delegate, who asserted he was refused a room—for which arrangements had been made at the Legion Club—after the club learned he was a Negro.

## Holdrege GOC Tower Under Consideration

HOLDREGE, Neb. (AP) — Kenneth Jackson of Holdrege, civil defense director for Phelps county, is calling for volunteers to man a U.S. Ground Observer Corps tower.

There is a possibility such a tower will be located near Holdrege, if enough volunteer operators are willing to participate, he said.

## Jump May Have Saved Young Driver's Life

WINSIDE, Neb.—Eddie Swanson, 15, suffered a broken leg but may have saved his life when he jumped from a tractor as it started to roll into a creek on the Edgar Swanson farm near Winside.

## Dedication Of Dodge Church Attracts 900

Lincoln Star Special

DODGE, Neb. — An overflow crowd of more than 900 persons packed new St. Wenceslaus Catholic Church here for dedication ceremonies Wednesday.

Archbishop Gerald Bergan of Omaha dedicated the \$250,000 structure and the church's pastor, the Rev. Francis Oborny, said solemn mass. Forty-six priests and local civic officials were among those attending.

Speakers had to be set up in the church basement as the 700-seat main floor was filled. A dinner followed the ceremonies. Dodge celebrated a legal holiday from 9 a.m. to 3 p.m. in honor of the dedication.

Construction of the church was started in October, 1954. Completed last week, it is made of brick and has a stone trim.

### Spotty State Wheat Yields, Small Oat Output Forecast

Wheat yields will be extremely spotty while oat yields will be about one-half of last year in Nebraska according to present indications.

That is the report of extension agronomists at the University of Nebraska who are taking part in a series of meetings over the state to discuss small grain variety and fertilizer test plots.

Rains Wednesday continued to halt harvest operations in the southeast and south central areas.

The agronomists reported that some fields in Richardson and Johnson counties in southeast Nebraska may yield as high as 25 bushels. Some 12 to 14 bushel yields are expected in Fillmore County and 15 bushels in Buffalo. However, yields will vary greatly in all areas, Don Lehr, secretary of the Nebraska Grain Improvement Association, emphasizes.

Meanwhile, combining of wheat in the Sidney area, Nebraska's premier wheat growing area, should get under way around July 10 to 15, the Nebraska State Employment Service estimated Wednesday in its first wheat harvest bulletin of the new season. Wheat prospects are good in the Sidney area, the agency said.

At North Platte, the harvest probably will start about July 9-10 and at Alliance, around July 12-15. The wheat outlook is excellent at Alliance, good at North Platte, it added.

The harvest is expected to increase rapidly this week in southern and central counties; the report states. No shortage of men or machines is anticipated.

**51 Bushels Per Acre**

An Associated Press dispatch from Rulo reveals Guy Surman's wheat on a 27-acre tract in the Nemaha River bottoms averaged 51 bushels per acre for the highest yield reported in Richardson County to date. The wheat was of good quality, the moisture running from 10 to 12 per cent.

Leonard Schulerberg, elevator operator at Rulo, said there is considerable wheat coming in off the bottoms which is yielding 35 to 40 bushels per acre, while some of the hill ground is yielding 10 bushels per acre and less.

Another press dispatch from Kearney reports the first cuttings of wheat in Buffalo County looked encouraging. Annually cropped fields were running 10 to 12 bushels per acre and summer fallowed ground was expected to produce 15 bushels or more.

Some of the fields opened at Kearney showed hardly any straw at all, but it was still possible to harvest it.

Early varieties of oats seem to look better right now, John Furrer, assistant extension agronomist at the university reported, but later varieties may respond to rains if they come.

### Nebraska News

**Cool Off Burning Feet**

No more burning—no more suffering with every step from stinging calluses. A quick rub with frosty-white Grassless Ice-Mint does the trick! Full of medicinal coolers in a soothing lanolin base, Ice-Mint brings instant cool comfort to tired burning feet—works to soften hard calluses. Ask your druggist for Ice-Mint today.

### Weather Ahead

Extended forecast for Nebraska: Temperatures will average 4 to 6 degrees above normal in eastern Nebraska and 8 to 12 degrees above in the west, with a warming trend Thursday and Friday, and in eastern portion Saturday, and only minor day to day temperature changes thereafter. Normal highs are in the upper 80s, and normal lows range from the upper 50s in the west to the middle 60s in the southeast. Precipitation expected to average .10 to .20 of an inch in the east to less than .10 in the west, occurring as widely scattered afternoon or evening thundershowers, mostly western sections Thursday and Friday and in eastern sections early part of next week.

### C. C. Thomas Dies; Once Nebraskan

Leonard Schulerberg, elevator operator at Rulo, said there is considerable wheat coming in off the bottoms which is yielding 35 to 40 bushels per acre, while some of the hill ground is yielding 10 bushels per acre and less.

Another press dispatch from Kearney reports the first cuttings of wheat in Buffalo County looked encouraging. Annually cropped fields were running 10 to 12 bushels per acre and summer fallow ground was expected to produce 15 bushels or more.

Some of the fields opened at Kearney showed hardly any straw at all, but it was still possible to harvest it.

Early varieties of oats seem to look better right now, John Furrer, assistant extension agronomist at the university reported, but later varieties may respond to rains if they come.

### Nebraska News

eastern and south central counties, the report states. No shortage of men or machines is anticipated.

**51 Bushels Per Acre**

An Associated Press dispatch from Rulo reveals Guy Surman's wheat on a 27-acre tract in the Nemaha River bottoms averaged 51 bushels per acre for the highest yield reported in Richardson County to date. The wheat was of good quality, the moisture running from 10 to 12 per cent.

Leonard Schulerberg, elevator operator at Rulo, said there is considerable wheat coming in off the bottoms which is yielding 35 to 40 bushels per acre, while some of the hill ground is yielding 10 bushels per acre and less.

## Evening Ceremony

MRS. ARLAN BORG

Miss Doris Marie Stern, daughter of Mr. and Mrs. Albert Stern, became the bride of Arlan Borg, son of Mr. and Mrs. A. C. Borg of Arlington, Calif., on Monday evening, June 25, at the College View Seventh-Day Adventist Church. Elder M. W. Deming solemnized the 8 o'clock ceremony and Algene Stern, brother of the bride played the wedding music and also accompanied the vocal soloists, Miss Carolyn Rhodes, and Mrs. Diann Dushabek.

Mrs. Joe Kinder, her sister's matron of honor, and the bridesmaids, Mrs. Algene Stern, and Mrs. Buehl Stern of Napa, Calif., wore identically styled ballerina-length frocks of powder blue organdy. Each carried a colonial bouquet of blue and white carnations to complete her costume. Miss Pamela Stern was her aunt's junior bridesmaid, and Jackie Stern was the Bible boy. The candles were lighted by Mrs. Harvey Stottlemeyer of Arlington, Calif., sister of the bridegroom, and Miss Pearl Olderbak of Whittier, Calif.

Daryl Borg served his brother as the best man and the guests were seated by Clyde Kinder, Allen Penna, Harvey Stottlemeyer, of Arlington, Calif., Buehl Stern of Napa, Calif., and Bobby Joe Kinder.

Lace and tulle over taffeta was chosen by the bride for her wedding gown. Natural lace scalloped outlined the deep yoke of illusion in the lace bodice which was fashioned with a tiny stand up collar and long fitted sleeves. A redingote of lace covered the bouffant tulle skirt which ended in a cathedral train. A shell hat dotted with seed pearls held her waist-length veil of imported illusion to her head and she carried a bouquet of deep pink roses and white carnations.

Following a reception held in the church annex, the couple left for a trip to the Rocky Mountains, after which they will make their home at Arlington, Calif. Mrs. Borg attended Union College and La Sierra College and Mr. Borg is a student at La Sierra College, in Arlington, Calif.

GUESTS, travelers, bon voyage parties and homecomers seem to be in order for Thursday morning, June 28, 1956. We hear that Mr. and Mrs. Tom Cleveland (JoAnn Moyer) and their two children, Bobby Jo and Tommy, are spending the current week as the house guests of Mrs. Cleveland's mother, Mrs. T. C. Moyer. The visitors leave on Saturday morning to return to their home.

AND today will bring Mrs. Charles Watkins and her son, Billy, from Santa Cruz for a visit with Mrs. Watkins' mother, Mrs. W. B. Comstock. Arriving this week also to complete the family circle will be Mrs. Wat-

kins' sisters, Mrs. William Tucker of Marion, Kan., and Mrs. John Van Auker of McCook. All of this adds up to considerable festivity at the home of Mrs. Comstock since this is the first time the family has been together in eight years.

Mrs. Watkins, by the way, will be remembered as the former Wilma Comstock Brewster.

IN TOWN are Capt. and Mrs. William Gist and their three children, Susan, Jennifer and Skipper, who arrived from Ft. Leavenworth, Kan., yesterday for an overnight stay as the guests of Mrs. Gist's brother, Bob Schlatter, Capt. Gist, who

has just completed an assignment at Staff and Command School, Ft. Leavenworth, and his family will leave today for Oshkosh where they will spend several days with Mrs. Gist's parents, Mr. and Mrs. J. C. Schlatter, at their summer home on Lake Maloney. They will be joined there at the week-end by Bob Schlatter who will spend next week with his family at their summer home.

But on Wednesday evening Mr. Schlatter entertained informally at his home, honoring his brother-in-law and sister, when the guest list included former Nebraska campus friends of the visitors. Mrs. Gist, the former

Barbara Schlatter, is a Kappa Alpha Theta at Nebraska.

After their holiday at Lake Maloney, Capt. and Mrs. Gist and their family will go to Ft. Monroe, Va., where the officer will be stationed.

WE VERY much would like to take credit for the word "tour-seau" but we can't — it belongs to two other people—Miss Eunice Preston, principal of Elliott School, and Miss Amelia Gaede, who teaches in the primary grades at Elliott.

You see Miss Preston and Miss Gaede leave Saturday to fly to Europe where they will spend the next two months studying comparative education. There is a certain problem concerning luggage and its weight when it comes to flying, and Miss Preston and Miss Gaede did considerable maneuvering to keep the luggage down to 40 pounds. It seemed such a master feat that the other 18 teachers at Elliott were interested in its accomplishment — To prove their prowess as expert packers, Miss Preston invited their Elliott colleagues to a "tour-seau" party on Wednesday evening at the home of Miss Gaede, where the intricacies of plane luggage were explained.

Miss Preston and Miss Gaede are joining Temple University's (Philadelphia) education study tour.

UNDERSTAND that Mrs. John Bosse and her daughter, Jane, leave today to return to their home in Eugene, Ore. Mr. and Mrs. Bosse and their daughter came to Lincoln several weeks ago and spent some time here before Mr. and Mrs. Bosse went on to New York, leaving Jane as the house guest of her grandmother, Mrs. Harry Everett.

When the Bosses returned from New York, Mr. Bosse returned immediately to Eugene, but Mrs. Bosse remained for a longer visit.

## Goodbye, Happy Landings

The Airport was a busy place Wednesday afternoon for on hand to say goodbye and to wish Chancellor and Mrs. Clifford Hardin "happy landings" were members of their family and a group of their friends. Chancellor and Mrs. Hardin took off for a month's stay abroad, and although they will visit various points of interest in Europe, the major portion of their time will be devoted to Turkey where Chancellor Hardin will review the progress of the new university established in the interior of Turkey, a project in which the University of Nebraska has assisted.

On hand to speed the travelers on their way were the four young Hardins—Clifford Jr., who gave his father a hearty handshake—and the three Hardin daughters, Cindy, Nancy and Sue—left to right.

Mrs. Hardin's parents, Mr. and

Mrs. Lawrence Woods of West Lafayette, Ind., are in Lincoln during Chancellor and Mrs. Hardin's absence.

## DAC Board

Seventeen state officers and committee chairmen attended the State Board meeting of the Daughters of the American Colonists held at the home of the state regent, Mrs. J. W. Roberts, in Bellevue on Sunday, June 24.

Going from Lincoln were Miss Jeanette Spealman, second vice regent; Mrs. C. C. Cartney, recording secretary; Mrs. Chas. E. R. Edmond, regent of Hannah Duston Chapter; Mrs. B. K. Worral and Miss Isabel McOmber of Crete, past state regents; and Miss Jessie Robertson, member of the by-laws committee.

# A NEWSY MORNING

## THE STAR IN SUBURBIA

Just time to say good morning—and on with the news—for it would be a rare week, indeed, if our friends in Eastborough did not take time from their busy every day activity for a coffee, barbecue, vacation, or friendly get-together to welcome a new neighbor.

Understand that Mr. and Mrs. Jack Hamilton have been one of those busy families. Thursday, Mr. and Mrs. Hamilton, and their daughters, Elizabeth and Jackie, are leaving for a three-weeks vacation in Florida, where they will visit Mr. Hamilton's mother, Mrs. Hazel Hall; and his brother-in-law and sister, Mr. and Mrs. Marvin Held, and their family in Miami. If time allows, they also plan to spend a few days in Havana, Cuba.

And before preparing for their vacation, Mr. and Mrs. Hamilton and daughters took time last Sunday evening to enjoy a crew picnic in Pioneer Park, with Lt. and Mrs. Leonard Shipman, and son, and Capt. and Mrs. L. A. Brown and family.

Speaking of vacations, we learned that Mr. and Mrs. Don

Shulte recently returned from a trip to California, where they visited both of their parents in Glendale.

Mr. and Mrs. Henry W. Pioch have arrived in Lincoln, to spend a week with Mr. and Mrs. John Haken. Mr. and Mrs. Pioch are returning to their home in Detroit, Mich., from a trip to the West Coast.

We have a brand new resident in Eastborough—Diane Marie Stehna, who was born Friday morning, June 22, at St. Elizabeth's Hospital. Diana's parents are Mr. and Mrs. Frank Stehna, and she has a brother, Ricky.

And mention of Mrs. Pioch reminds us that she will be the honored guest at a coffee this morning when Mrs. Phillip H. Smith, Mrs. Russell Weedun, Mrs. Roger McKinsey, Mrs. Kent Scholl, Mrs. Ervin Lovdahl, and Mrs. John Haken will be the guests.

Mr. and Mrs. Dee F. White are arriving from Kansas City this week-end, to spend a week with Capt. and Mrs. Robert Robinson.

Included in a group attending a picnic held in Bethany Park last Saturday evening were Mr. and Mrs. Harlan Adams, and twins, Jane Lynn and John Harlan, Mrs. Nina Foster, and Mrs. Mary Sloan, and her son, Bruce.

Hear that neighbors of Mrs. A. R. Way enjoyed a coffee at her home, Wednesday morning, when the guests included Mrs. Ted Riblett, Mrs. Darrell Otto, Mrs. Glen Manske, Mrs. Howard Stephenson, and Mrs. Dwight Moorberg.

Mrs. Way, incidentally, also will be entertaining several neighbors at a coffee this afternoon, in honor of a new neighbor, Mrs. Ben Potts. In addition to the honoree, the guests will be Mrs. Ed Zimmerman, Mrs. Don Shulte, Mrs. Marvin Kelle, and Mrs. Arthur Weissnand.

Although coffees seem to be highlighting the entertainment in Eastborough, we presume that the barbecue last Sunday evening at the home of Mr. and Mrs. Loren Belker and Kay, was nothing but fun for the guests who were Mr. and Mrs. Bob Esemann, and Mr. and Mrs. Gayle Ewing, and their children, Nancy, Susan, and Carole.

Mr. and Mrs. Wendell Smith, of Carroll, Ia., were week-end guests of Mr. and Mrs. Harry Rust. On Saturday, they were present for their grandson, Jimmy's, first birthday.

# Bond Defeats Compare Only With 1952

## Margins Of 3 Differ

By BILL DORLER  
Star Staff Writer

On only one other occasion in recent years has a bond issue similar to those presented Tuesday been defeated by such a large majority as was the case in the election just completed.

In Tuesday's defeat, the three money propositions were beaten percentage-wise in the following order:

Main library, \$1,240,000 bond issue, voted down 3.94 to 1.

Hospital, \$4.8 million bond issue, voted down by 2.54 to 1.

City county building, \$4.5 million bond issue, voted down 2.41 to 1. In city voting alone, the margin was 2.15 to 1.

A fourth proposition, to amend the city charter to change the rate and method of publishing city legal notices, was voted down 1.41 to 1.

In 1952, a proposed \$750,000 bond issue for additional auditorium funds was defeated at a June 17 special election by a count of 3,125 for and 8,222 against, a little better than a 2 1/2 to 1 drubbing.

In each of nine other elections since 1939, with one exception, the voters approved one or more propositions for a bond issue.

The exception was in 1945 when a proposed \$2,975,000 bond issue was downed by a count of 4,356 for and 8,991 against. This, however, was a package deal where voters had only one vote yes or no to a total of 14 projects.

In 1948, an April 13 special election saw the voters approve a \$150,000 sanitary sewer bond proposal by a vote of 17,925 to 6,306. At the same time, a proposal for an automobile occupation tax was beaten 3,014 to 20,814.

The only other defeat of recent years was an approximate 1 1/2 to 1 vote against a proposal at the June 15, 1954 special election which would have authorized the city to carry a bonded debt up to \$300,000 for the purpose of establishing off-street parking facilities. Defeat of this measure, however, was not attributed to the funds involved but to the issue of off-street parking as opposed to private parking garages.

At the same 1954 election, voters were 5,174 to 2,823 in favor of a \$3.5 million bond issue for storm sewers.

Other elections and results were:

May 8, 1939, \$75,000 a year for 10 years for an auditorium, 8,046 for and 3,856 against.

May 6, 1941, repeal of 1939 provision and substitution of a levy of \$75,000 a year for 20 years to finance an auditorium, 10,430 for and 5,668 against.

May 3, 1949, \$1.5 million in additional auditorium bonds, 8,714 for and 7,328 against.

May 7, 1951, \$6 million in school bonds, 12,936 for and 6,168 against.

May 5, 1953, \$8.5 million in water revenue bonds, 15,566 for and 2,472 against.

Feb. 8, 1955, \$10 million in school bonds, 11,302 for and 4,944 against.

The vote at last Tuesday's special election was:

Library, 5,183 for and 30,422 against.

Hospital, 7,255 for and 18,361 against.

City-county building, 8,555 for and 20,645 against.

Advertising rate change, 10,197 for and 14,401 against.

WILLIAM P. LEAR  
... snubbed for Air Force chief

## Gen. Twining Cold-Shoulders U.S. Plane Maker In Moscow

MOSCOW (AP)—William P. Lear, wealthy American plane equipment maker, flew his Russian hosts around Moscow Wednesday in the small plane he brought into Russia the previous day. But he was cold-shouldered by the visiting Gen. Nathan Twining, U.S. Air Force chief when their paths crossed briefly.

Twining has been refused permission by the Russians to fly his own plane on a visit to Stalingrad Thursday. Instead, he will be flown in a Soviet plane and for the first time will be permitted to take American newsmen with him on an inspection trip.

Lear and his wife came into a hotel room where Twining was briefing reporters on a trip to Soviet air factories Wednesday where U.S., British and French official air delegations saw jet engines and an improved type transport.

General Surprised  
Twining had just been asked by a reporter about military implications of Lear's flight into the Soviet Union with gear that has been banned by NATO for export to Soviet bloc countries. Twining expressed surprise. Then he said emphatically it was a civilian matter and the Air Force was not involved.

A reporter then told Twining: "General, here's an old friend of yours." He barely said hello and made no move to shake hands with Lear.

The Lears retired into the corridor. Later Lear said he understood the gathering was a cocktail party.

Lear was the first American to fly a personal plane into the Soviet Union. He is a guest of the Soviet Ministry of Trade and predicted on his arrival from Berlin earlier that NATO embargoes soon would be ended.

Simultaneously, the State Department said Miller had submitted a non-Communist affidavit in hope of getting a passport for a European honeymoon with the blonde movie star.

The House Un-American Activities Committee set the 10-day deadline for Miller to change his mind about identifying persons he knew as Communists.

The Pulitzer Prize-winning dramatist admitted to his own past Red-front associations when he testified before the committee last week but said his "conscience" barred him from naming Reds.

Young Democrats Hit Tax Structure For Bond Defeats

Lancaster County Young Democrats bid again for a state sales or income tax in a resolution blaming bond proposal defeats in the county on "the present inequitable and archaic tax structure" Wednesday night.

A statement adopted at the organization's meeting said bond election results "did not reveal disapproval of Nebraska citizens for civic improvements." It said however that "few new public improvements will be inaugurated... with the total burden of taxation on owners of real property—especially... the farmer."

Voters were asked to support State Legislature candidates who favor sales or income taxes "or a combination of the two."

Camera Stolen From Glove Compartment

A camera valued at \$50 was reported stolen at the parking lot of the Hinky-Dinky grocery store at 25th and O St.

The missing camera, a Kodak "Vigilant," size 816, can be identified, owner Fernando E. Vidal, of 1646 E. St., said, by one of the hinges that brings the bellows out which has been bent and repaired. It was reported to have been in the unlocked glove compartment of Vidal's car.

Briefcase Stolen

A cowhide briefcase with some portraits in it, valued at \$50, was reported missing by Dan Fenton, of 1641 Smith St., some time between the hours of 1:30 a.m. and 9:13 Wednesday. Fenton said they had been in his car in front of his home.

NU Prof To Speak

LAWRENCE, Kan. — Dana F. Cole, professor of accounting at the University of Nebraska, will appear on the program of the Central States Liquefied Petroleum Gas Management Institute, to be held here Thursday and Friday. He will appear as speaker at four sessions.

## PENSIONS VOTED FOR WWI VETS

... At Age Of 65

WASHINGTON (AP)—The House, after hectic debate, Wednesday passed and sent to the Senate a bill to increase veterans' pensions and extend special benefits to World War I veterans—even those who are not disabled.

The 364-51 roll call vote came in a topsy-turvy session that saw the House decide at one point to kill the bill. This decision was quickly reversed, however, and the measure was voted along to an uncertain election year future.

In addition to increasing the pensions of veterans who are rated permanently and totally disabled, the bill would provide \$90-a-month pensions for all World War I veterans at age 65 who come within specified income limits.

Parliamentary Maneuver  
Opponents succeeded in knocking from the bill, by a parliamentary maneuver, all provisions for boosting non-pension benefits to veterans with service-incurred disability and to widows and dependents of veterans.

This was done in an effort to ruin the measure's chances of passing the Senate and winning approval from President Eisenhower.

Chairman Teague (D-Tex.) of the House Veterans Affairs Committee said any bill that did not give priority to veterans disabled because of military service would be rejected by the Senate or vetoed by Eisenhower, even in an election year.

Of some 22 million veterans now living, about 3 million served during World War I.

Building Authority Files Demurrer In Judgment Case

The Lincoln-Lancaster County Building Authority and Lancaster County have filed demurrers to a declaratory judgment action filed by a Lincoln taxpayer seeking to have the Authority declared unconstitutional.

Edward A. Wagner of 2837 Sumner has asked the Lancaster District Court to declare state enabling legislation under which the city and county created the Building Authority declared null and void.

The Authority's demurrer alleges the plaintiff has no legal capacity to sue and does not state sufficient facts for a cause of action.

The County's demurrer alleges defects in the parties plaintiff and defendant, improper joinder of causes of action, and insufficient facts stated for action.

Wagner is represented by Atty. Leo Bartunek.

Motor-Hotel Project

SIDNEY, Neb. (AP)—Bids will be opened July 17 on a 37 room community motor hotel project, including a banquet room, dining room and cocktail lounge. The hotel board says it has verbal assurance of financial backing for a \$260,000 structure.

## Marilyn's Fiance Given 10 Days To Name Red Friends

WASHINGTON (INS)—Playwright Arthur Miller, who marries Marilyn Monroe next week, was ordered Wednesday to disclose within 10 days the names of Communists he once knew or face possible contempt action by Congress.

Simultaneously, the State Department said Miller had submitted a non-Communist affidavit in hope of getting a passport for a European honeymoon with the blonde movie star.

The House Un-American Activities Committee set the 10-day deadline for Miller to change his mind about identifying persons he knew as Communists.

The Pulitzer Prize-winning dramatist admitted to his own past Red-front associations when he testified before the committee last week but said his "conscience" barred him from naming Reds.

# Bond Defeats Compare Only With 1952

## Margins Of 3 Differ

By BILL DOBLER  
Star Staff Writer

On only one other occasion in recent years has a bond issue similar to those presented Tuesday been defeated by such a large majority as was the case in the election just completed.

In Tuesday's defeat, the three money propositions were beaten percentage-wise in the following order:

Main library, \$1,240,000 bond issue, voted down 3.94 to 1.

Hospital, \$4.8 million bond issue, voted down by 2.54 to 1.

City-county building, \$4.5 million bond issue, voted down 2.41 to 1. In city voting alone, the margin was 2.15 to 1.

A fourth proposition, to amend the city charter to change the rate and method of publishing city legal notices, was voted down 1.41 to 1.

In 1952, a proposed \$750,000 bond issue for additional auditorium funds was defeated at a June 17 special election by a count of 3,125 for and 8,222 against, a little better than a 2½ to 1 drubbing.

In each of nine other elections since 1939, with one exception, the voters approved one or more propositions for a bond issue.

The exception was in 1945 when a proposed \$2,975,000 bond issue was downed by a count of 4,356 for and 8,991 against. This, however, was a package deal where voters had only one vote yes or no to a total of 14 projects.

In 1948, an April 13 special election saw the voters approve a \$150,000 sanitary sewer bond proposal by a vote of 17,925 to 6,906. At the same time, a proposal for an automobile occupation tax was beaten 3,014 to 20,814.

The only other defeat of recent years was an approximate 1½ to 1 vote against a proposal at the June 15, 1954 special election which would have authorized the city to carry a bonded debt up to \$900,000 for the purpose of establishing off-street parking facilities. Defeat of this measure, however, was not attributed to the funds involved but to the issue of off-street parking as opposed to private parking garages.

At the same 1954 election, voters were 5,174 to 2,823 in favor of a \$3.5 million bond issue for storm sewers.

Other elections and results were:

May 8, 1939, \$75,000 a year for 10 years for an auditorium, 8,046 for and 3,856 against.

May 6, 1941, repeal of 1939 provision and substitution of a levy of \$75,000 a year for 20 years to finance an auditorium, 10,430 for and 5,668 against.

May 3, 1949, \$1.5 million in additional auditorium bonds, 8,714 for and 7,328 against.

May 7, 1951, \$6 million in school bonds, 12,936 for and 6,168 against.

May 5, 1953, \$8.5 million in water revenue bonds, 15,566 for and 2,472 against.

Feb. 8, 1955, \$10 million in school bonds, 11,302 for and 4,944 against.

The vote at last Tuesday's special election was:

Library, 5,183 for and 20,422 against.

Hospital, 7,255 for and 18,361 against.

City-county building, 8,555 for and 20,645 against.

Advertising rate change, 10,197 for and 14,401 against.

## Gen. Twining Cold-Shoulders U.S. Plane Maker In Moscow

MOSCOW (AP)—William P. Lear, wealthy American plane equipment maker flew his Russian hosts around Moscow Wednesday in the small plane he brought into Russia the previous day. But he was cold-shouldered by the visiting Gen. Nathan Twining, U.S. Air Force chief when their paths crossed briefly.

Twining has been refused permission by the Russians to fly his own plane on a visit to Stalingrad Thursday. Instead, he will be flown in a Soviet plane and for the first time will be permitted to

take American newsmen with him on an inspection trip.

Lear and his wife came into a hotel room where Twining was briefing reporters on a trip to Soviet air factories Wednesday where U.S., British and French official air delegations saw jet engines and an improved type transport.

**General Surprised**

Twining had just been asked by a reporter about military implications of Lear's flight into the Soviet Union with gear that has been banned by NATO for export to Soviet bloc countries. Twining expressed surprise. Then he said emphatically it was a civilian matter and the Air Force was not involved.

A reporter then told Twining: "General, here's an old friend of yours." He barely said hello and made no move to shake hands with Lear.

The Lears retired into the corridor. Later Lear said he understood the gathering was a cocktail party.

Lear was the first American to fly a personal plane into the Soviet Union. He is a guest of the Soviet Ministry of Trade and predicted on his arrival from Berlin earlier that NATO embargoes soon would be ended.

## Term Added For Carolina Prison Inmate

The U.S. District Court has imposed a 18-month federal term on George D. Williams, 35, a North Carolina State Prison inmate who faces a Nebraska burglary term and an escape charge.

In Federal court Tuesday, the former Beatrice man pleaded guilty to a two-count indictment charging transportation of a stolen car from Portland, Ore., to Beatrice on Oct. 5, 1952, and another stolen car from Lincoln to Tennessee on Oct. 6.

Judge J. W. Delehant pronounced 18-month concurrent terms on each count to be served at the expiration of state terms.

The U.S. District Attorney's office said Williams is presently serving three-to-five-year terms on three burglary counts in North Carolina.

Williams also has a Nebraska detainer against him for a June, 1953, escape from the Nebraska Penitentiary where he was serving a four-year term for burglary of the DuTeau Chevrolet Company in Lincoln.

The burglary offense, according to a federal attorney, allegedly occurred in connection with the theft of a car which Williams drove to Tennessee.

## NU Prof To Speak

LAWRENCE, Kan. — Dana F. Cole, professor of accounting at the University of Nebraska, will appear on the program of the Central States Liquefied Petroleum Gas Management Institute, to be held here Thursday and Friday. He will appear as speaker at four sessions.

## PENSIONS VOTED FOR WWI VETS

... At Age Of 65

WASHINGTON (AP) — The House, after hectic debate, Wednesday passed and sent to the Senate a bill to increase veterans' pensions and extend special benefits to World War I veterans—even those who are not disabled.

The 364-51 roll call vote came in a topsy-turvy session that saw the House decide at one point to kill the bill. This decision was quickly reversed, however, and the measure was voted along to an uncertain election year future.

In addition to increasing the pensions of veterans who are rated permanently and totally disabled, the bill would provide \$90-a-month pensions for all World War I veterans at age 65 who come within specified income limits.

## Parliamentary Maneuver

Opponents succeeded in knocking from the bill, by a parliamentary maneuver, all provisions for boosting non-pension benefits to veterans with service-incurred disability and to widows and dependents of veterans.

This was done in an effort to ruin the measure's chances of passing the Senate and winning approval from President Eisenhower.

Chairman Teague (D-Tex.) of the House Veterans Affairs Committee said any bill that did not give priority to veterans disabled because of military service would be rejected by the Senate or vetoed by Eisenhower, even in an election year.

Of some 22 million veterans now living, about 3 million served during World War I.

## Building Authority Files Demurrer In Judgment Case

The Lincoln-Lancaster County Building Authority and Lancaster County have filed demurrers to a declaratory judgment action filed by a Lincoln taxpayer seeking to have the Authority declared unconstitutional.

Edward A. Wagner of 2837 Sumner has asked the Lancaster District Court to declare state enabling legislation under which the city and county created the Building Authority declared null and void.

The Authority's demurrer alleges the plaintiff has no legal capacity to sue and does not state sufficient facts for a cause of action.

The County's demurrer alleges defects in the parties plaintiff and defendant, improper joinder of causes of actions, and insufficient facts stated for action.

Wagner is represented by Atty. Leo Bartunek.

## Marilyn's Fiance Given 10 Days To Name Red Friends

WASHINGTON (INS) — Playwright Arthur Miller, who marries Marilyn Monroe next week, was ordered Wednesday to disclose within 10 days the names of Communists he once knew or face possible contempt action by Congress.

## Nixon Favored By Nebraska's Delegation

By The Associated Press

Nebraska delegates to the Republican National convention apparently are perfectly willing to keep Vice President Nixon on the team.

With support for President Eisenhower solid in Nebraska as elsewhere, delegates who replied to an Associated Press poll on vice presidential possibilities showed an almost unanimous preference for Nixon.

Some declined to comment on vice presidential possibilities saying it was up to the President or up to the convention to name the running mate. Some did not even reply to the question on the vice presidential possibility.

But those who did reply, with a single exception, named Nixon. That exception is Terry Carpenter of Scottsbluff, who isn't on President Eisenhower's bandwagon either.

Carpenter mentioned Sen. William Knowland of California as both presidential and vice-presidential possibilities.

Lester Anderson of Aurora listed Knowland as second choice to Nixon and Guy L. Cooper of Humboldt mentioned Interior Secretary Fred Seaton as a possible second choice to Nixon.

All of these replies were received prior to the President's illness, but the firmness of the replies and the scattering comments that were made indicated that Nebraskans will stick with him as long as he wants them to.

## Briefcase Stolen

A cowhide briefcase with some portraits in it, valued at \$50, was reported missing by Dan Fenton, of 1641 Smith St., some time between the hours of 1:30 a.m. and 9:13 Wednesday. Fenton said they had been in his car in front of his home.

## Young Democrats Hit Tax Structure For Bond Defeats

Lancaster County Young Democrats bid again for a state sales or income tax in a resolution blaming bond proposal defeats in the county on "the present inequitable and archaic tax structure" Wednesday night.

A statement adopted at the organization's meeting said bond election results "did not reveal disapproval of Nebraska citizens for civic improvements." It said however that "few new public improvements will be inaugurated . . . with the total burden of taxation on owners of real property—especially . . . the farmer."

Voters were asked to support State Legislature candidates who favor sales or income taxes "or a combination of the two."

## Camera Stolen From Glove Compartment

A camera valued at \$50 was reported stolen at the parking lot of the Hinky-Dinky grocery store at 25th and O St.

The missing camera, a Kodak "Vigilant," size 616, can be identified, owner Fernando E. Vidal, of 1646 E St., said, by one of the hinges that brings the bellows out which has been bent and repaired. It was reported to have been in the unlocked glove compartment of Vidal's car.

# Internal Revenue Racing To Set Up Highway Tax Collection

WASHINGTON (AP)—The Internal Revenue Service Wednesday set in motion machinery to collect increased taxes from highway users to help pay for the nation's new roadbuilding program.

The added taxes will go into effect Sunday if, before then, President Eisenhower signs the 32-billion-dollar highway bill which Congress has passed. It seems likely Eisenhower will do so.

Some \$14,800,000,000 in additional tax revenue will be collected during the next 16 years under provisions of the highway measure.

Fervent Activity  
The shortness of time before the effective date touched off fervent activity at Internal Revenue headquarters as officials sent out interpretations of the tax to field offices. While these interpretations are going out at once officials said it will be about July 18 before collection forms are available across the country.

The new revenue will come from a 2-cent hike in the present, 2-cent-a-gallon federal tax on gasoline and diesel fuel, and from higher taxes on tires, tread rubber, trucks, trailers and buses. In addition, there will be a new use tax on heavy motor vehicles.

Added to present highway user taxes, these will provide funds for constructing a 41,000-mile network of interstate superhighways at a cost of about 27½ billion dollars, and for building primary and secondary road systems in the various states.

**\$33 Billion Total**  
The entire spending program is estimated now at around 33 billion dollars to be allocated over a 13 year period. The new taxes, plus present levies of about \$23.684 billion, will raise a total of about 38½ billion dollars over the next 13 years. This will be more money than is now contemplated for allocations, but government officials said all funds available eventually will be spent on the highway program.

One official said construction costs for example, may mount higher than now estimated. The government will pay 90 per cent of the cost of the interstate highways and the states the remaining 10 per cent. On allocations for primary and secondary roads within states, the federal government will provide half of the money.

**\$1½ Billion This Year**  
Treasury officials said they will begin putting the highways user tax money into the highway trust fund as they are collected after July 1. They estimated collections in the fiscal year beginning Sunday will amount to almost 1½ billion dollars, including 602 millions from the new taxes.

Interpretations issued Wednesday included explanations of how the tax must be paid on floor stocks or inventories. After payment is made on stocks on hand July 1, future payments will be made by manufacturers or producers of products when they sell the articles to dealers or distributors. This will be done on quarterly basis.

# Internal Revenue Racing To Set Up Highway Tax Collection

WASHINGTON (AP)—The Internal Revenue Service Wednesday set in motion machinery to collect increased taxes from highway users to help pay for the nation's new roadbuilding program.

The added taxes will go into effect Sunday if, before then, President Eisenhower signs the 33-billion-dollar highway bill which Congress has passed. It seems likely Eisenhower will do so.

Some \$14,800,000,000 in additional tax revenue will be collected during the next 16 years under provisions of the highway measure.

**Fervish Activity**

The shortness of time before the effective date touched off fervish activity at Internal Revenue headquarters as officials sent out interpretations of the tax to field offices. While these interpretations are going out at once officials said it will be about July 18 before collection forms are available across the country.

The new revenue will come from a 2-cent hike in the present, 2-cents-a-gallon federal tax on gasoline and diesel fuel, and from higher taxes on tires, tread rubber, trucks, trailers and buses. In addition, there will be a new use tax on heavy motor vehicles.

Added to present highway user taxes, these will provide funds for constructing a 41,000-mile network of interstate superhighways at a cost of around 27½ billion dollars, and for building primary and secondary road systems in the various states.

**\$33 Billion Total**

The entire spending program is estimated now at around 33 billion dollars to be allocated over a 13-year period. The new taxes, plus present levies of about \$23,684,000,000, will raise a total of about 38½ billion dollars over the next 16 years. This will be more money than is now contemplated for allocations, but government officials said all funds available eventually will be spent on the highway program.

One official said construction costs, for example, may mount higher than now estimated.

The government will pay 90 per cent of the cost of the interstate highways and the states the remaining 10 per cent. On allocations for primary and secondary roads within states, the federal government will provide half of the money.

**\$1½ Billion This Year**

Treasury officials said they will begin putting the highways user tax money into the highway trust fund as they are collected after July 1. They estimated collections in the fiscal year beginning Sunday will amount to almost 1½ billion dollars, including 602 millions from the new taxes.

Interpretations issued Wednesday included explanations of how the tax must be paid on floor stocks or inventories. After payment is made on stocks on hand July 1, future payments will be made by manufacturers or producers of products when they sell the articles to dealers or distributors. This will be done on quarterly basis.

**Over Half Of Tax Abstracts Sent In By Counties**

The half way mark was passed Wednesday in the receipt of tax assessment abstracts by the State Tax Commissioner's office from Nebraska counties.

The office estimated, without an exact count, that 48 or 49 of the state's 93 counties have filed reports on valuations placed on property in the county this year for tax assessment purposes.

The reports are due in July 1. Almost unanimously, the reports show a drop in total tangible property valuations from last year, generally because of a drop in personal property valuations. Smaller amounts of grain and livestock on hand than last year accounted for part of this drop in some cases, although other factors were involved.

The State Board of Equalization will meet next month to review the county abstracts and make any changes deemed necessary to make the state tax load equitable as between counties.

**Research Group Headed By Tyler**

Ralph W. Tyler Sr. Wednesday was named president of the board of directors of the Governmental Research Institute at the group's annual meeting.

The other officers are: Myron Weil, vice president, and M. A. Hyde, secretary-treasurer.

Directors re-elected at the meeting were Mrs. Walton Ferris, Guy Hunt, Otto Liebers, Carl Olson and Dr. E. S. Wegner.

A stamp collector? Then pictures and news of new and old stamps in the "Sunday Journal and Star's" "Stamp News" column is a must.

**Services Thursday For Mrs. Bulwan**

Mrs. Mabel J. Bulwan, 68, of 856 No. 25th, died Wednesday.

Funeral services will be held 1:30 p.m. Thursday at Hodgman-Splain, with the Rev. Leland Lesher officiating. Further services and burial will be Saturday at her birthplace, Dell Rapids, S.D.

Mrs. Bulwan had lived in Lincoln for 26 years. She was a member of Grace Lutheran Church.

Surviving are her husband, Albert; a son, C. Allen, also of Lincoln, and a brother, Andrew Henderson of Sioux Falls, S.D.

# PLAY, CONCERT AT U OF N TO FEATURE ALL-STATERS

... Performance Thursday Night

Students attending the University of Nebraska's All-State fine arts course will be featured Thursday night in an orchestra-band concert and three one-act plays.

The concert will start at 7 p.m. at the Student Union. The one-act plays are set for 8:30 p.m. at Howell Memorial Theater. The public may attend and there will be no admission charge.

The orchestra, conducted by Emanuel Wishnow, conductor of the University Orchestra, will play: "Overture to the Secret Marriage" by Cimarrona; "Symphony No. 1" by Beethoven; "La Vie Parisienne" arranged by Darius; "Horse and Buggy" by Anderson; and "Russian Sailors Dance" by Gliero.

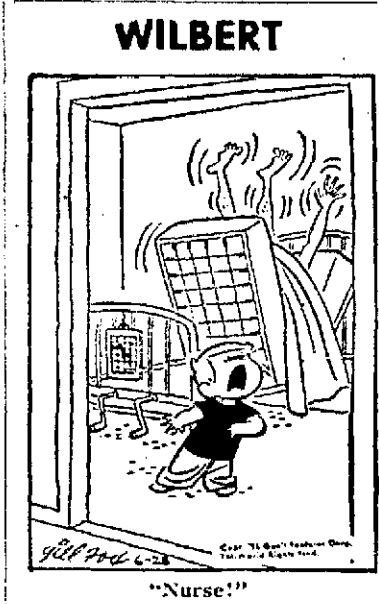

The band, conducted by Jack Spider, University music instructor, will play: "Fairest of the Fair March" by Sousa; "Semiramide" by Rossini; "Second Suite in F" by Holst; and the "Nutmeggers March" by Osterling.

Guest conductor, Donald Lentz, director of the University of Nebraska bands, will conduct the band in the "Chimes of Liberty March" by Goldman.

One act plays to be presented are:

The "Little Prison," directed by John Thurber, instructor of speech at Hastings. Cast: Yvonne Brown, Scotia; Maribel Wellman, Des Moines, Ia.; Zella Long, Leup City; Nancy McGath, Emerson; and Sue Thacher, Hastings.

"The Man Who Married A Dumb Wife," directed by Maxine Trauer, University speech instructor. Cast: Maureen McGinley, Ogallala; Julie Pedersen, Hardy; Ted Moore, Wood River; Owen Elmer, Indianola; Eleanor Kessler, Hastings; Merlin Montgomery, Farnam; Jerry McGee, Oxford; Barbara Weissert, Eustis; and Judy Robertson, Hastings.

# Chiefs Pound Dukes In 'Season Opener'

... Zavattaro Homers In 8-3 Win

ALBUQUERQUE (U) — Lincoln jumped to a fast start in the second half of the Western League split season Wednesday night,

## Chiefs And Hawks Set Makeup Tilts

By DON BRYANT  
Sports Editor, The Star

The second half of the Western League season is underway — and the first-half crown is still up for grabs between Lincoln and Topeka.

But the only thing to do is wait, because the final outcome of the first-half race may not be known until August 1. That's the date of the Chiefs' final first-half makeup game, the nightcap of a twin bill at Colorado Springs.

However, the issue could be settled long before then.

Lincoln has six games to make up, while Topeka has two. So here's the way the first half shapes up:

If the Chiefs win five of their six makeup games, they'll be the winners regardless of how Topeka fares in its two games.

If the Hawks win one and lose one, Lincoln will need only four wins to top the title.

If Topeka loses both games, Lincoln will need only three wins in the six games to become the first-half champion and gain a spot in the playoffs.

What is vitally important to Lincoln is the fact that Topeka now has two more losses than Lincoln (at the end of the first half). Thus, Lincoln does not have to depend on Topeka losing to win.

In other words, the Chiefs can gain the first-half title by winning their games, regardless of what Topeka does.

The following is the makeup schedule for Lincoln and Topeka:

June 29 — Sioux City at Lincoln (second game of doubleheader).

June 30 — Sioux City at Lincoln (night game of split day-night doubleheader).

Lincoln at Sioux City — Date not set but probably July 9.

Albuquerque at Lincoln — To be played in series July 17, 18, 19.

July 25 — Lincoln at Amarillo (second game of doubleheader).

Aug. 1 — Lincoln at Colorado Springs (second game of doubleheader).

TOPEKA

June 29 — Des Moines at Topeka (second game of doubleheader).

July 8 — Topeka at Des Moines (second game of doubleheader).

The following are the other league makeup games that may affect the remaining positions in the first-half standings, but will have no effect on first or second place:

DPS MOINES — At Topeka June 29, second game of doubleheader.

AKAHILO — Colorado Springs at home July 10, Lincoln at home July 25, Albuquerque at home August 31, at Pueblo June 29.

PUEBLO — Amarillo at home June 29.

COLORADO SPRINGS — At Topeka at home July 25, Lincoln at home August 1, at Amarillo July 10.

## Rickey—No Significance To Visit

By DON BRYANT  
Sports Editor, The Star

Branch Rickey Sr. says the Lincoln Chiefs defeat Albuquerque 8-3 Wednesday night, but "there was no special significance to his visit."

Rickey, who is currently serving as a board member and consultant with the Pittsburgh Pirates, after retiring as general manager, told The Star by phone early Thursday morning:

"I think I can set your mind at ease by telling you that there is no special significance to my visit here—unless it would be to help Lincoln find another pitcher."

Rickey was obviously referring to the Dick Hall case of 1955 and to the present status of Dick Stuart.

It was Rickey's way of reassuring Lincoln fans that Stuart would stick with the Chiefs through the 1956 season.

Speaking of Stuart, Rickey said, "This boy is having a remarkable year. You just can't overlook what he's doing because he's likely to break all extra-base records in baseball. Tonight (Wednesday night) he hit four for four—all singles—and three of his hits were line drives that almost tore the cover off the ball."

Rickey also added that although he had seen the Lincoln team only once he thought the Chiefs "looked good, as all teams do when they win."

"Larry Shepard (Chiefs manager) is doing a fine job and the pitching is holding up surprisingly well," Rickey added.

Rickey, in a jocular mood, admitted that he could not give a "more complete analysis of the Chiefs" because "I spent so much time during the game visiting."

## Rain Halts LCC Golf Tournament

Wednesday's rain washed out the women's medal play golf tournament at Lincoln Country Club. Play will continue Thursday following Wednesday's pairings.

downing Albuquerque 8-3.

Joe Zavattaro's 400-foot home run with a mate aboard in the fifth provided a good chunk of the victory.

The homer boosted Dick Shinnick to his second victory in three tries. It sent Ted Shandor down to another loss. His record now is 5-8.

Dick Stuart failed to get a home run but lined out four hard singles in four trips to the plate to pace the 13-hit attack.

Performing before ex-Pittsburgh Pirate Boss Branch Rickey, who watched the game from a box behind home plate, the Lincoln farmhands performed well for the man who now scouts for the Bucs.

The Chiefs started their scoring in the first frame, scoring a pair of unearned tallies off Shandor. Singles by Al Stringer, Stuart and Reggie Grenald and Third Baseman Tom Agosta's error provided the punch.

Three more singles, including another by Stuart, scored another run in the second. Grenald's long triple preceded Zavattaro's homer in the fifth.

The Dukes picked up a tally in the fifth, mainly on Shinnick's wildness. The righthander hit Emil

### Victor Graduates

Mrs. Helen Foe walks her miniature poodle, Victor, before obedience graduation exercises held by the Cornhusker Kennel Club Wednesday night. (Star photo.)

### Canines Honored

The Cornhusker Kennel Club presented 27 certificates Wednesday night at Antelope Park to graduating obedience dogs.

Honored canines:

Working dog—1-Snoops, Springer Spaniel owned by Mrs. Bob Donley; 2-Brace, owned by Mrs. Bob Donley; 3-Queenie, German Shepherd owned by Carl H. Bok.

Best handler—Brandy, St. Bernard owned by Dick Cohen.

Most progress—Rebel, Boxer owned by Lee Bailey.

### Redlegs Crush Pirates

... Lawrence Wins 10th

PITTSBURGH (U) — Righthander Brooks Lawrence won his 10th straight game without a loss as the Cincinnati Redlegs scored nine runs in a wild eighth inning to defeat the Pittsburgh Pirates 10-2 Wednesday night.

Lawrence, who has pitched only four complete games this season, was lifted for a pinch hitter in the eighth, but he was effective for seven innings, allowing the Pirates two runs on five hits. He struck out four and walked only one.

Cincinnati was trailing 2-1 going into the eighth but they went far ahead on six hits and some futile infield play by Pittsburgh that produced four errors, two by second baseman Spook Jacobs.

Gus Bell, Frank Robinson and Stan Palys each drove in two runs in the inning, driving Bob Friend to his fifth loss against 11 victories. Luis Arroyo finished the inning for Pittsburgh.

Rookie catcher Danny Kravitz sent the Pirates into a 1-0 lead with his second homer of the year in the third inning. Ted Kluszewski tied the game with a sacrifice fly in the sixth to score Bell who tripled. The Pirates grabbed a 2-1 lead in the seventh on Lee Walls' walk, Dale Long's single and Kravitz' sacrifice fly.

### Prep Football Rules Changed

MORAN, Wyo. (U) — Three football rule changes affecting the fair catch, starting the clock after official time out and designation of down following a kickoff were adopted Wednesday by the National Federation of State High School Athletic Assns.

H. V. Porter, executive secretary, said the rules now prohibit the team kicking off from touching the ball or the receiver, or from obstructing the receiver's path in a fair catch.

Porter said previous ruling often involved judgment on the part of the referee as to whether there had been interference.

This fall the clock will be started after an official timeout "when the ball is ready for play." Previously the clock was started when the ball was snapped.

Also this fall, a first down will be called in all cases where a kick-off is received beyond the line of scrimmage, except in a case of double foul. Porter said the rules had not before covered all situations.

## Holdrege To Get First Baseman

CHICAGO (U) — Joe Martin, 19-year-old first baseman from Axton, Va., has been signed to a Memphis contract, the Chicago White Sox announced Wednesday.

Martin was optioned by Memphis to Holdrege in the newly organized Class D all-rookie Nebraska State League which opens July 1.

A graduate of Drewry Mason High School in Ridgeway, Va., Martin was a four-letter man and captain of the basketball team in three years of semi-pro ball. Martin batted .220, .230 and .246.

Victor Graduates

Mrs. Helen Foe walks her miniature poodle, Victor, before obedience graduation exercises held by the Cornhusker Kennel Club Wednesday night. (Star photo.)

### Canines Honored

The Cornhusker Kennel Club presented 27 certificates Wednesday night at Antelope Park to graduating obedience dogs.

Honored canines:

Working dog—1-Snoops, Springer Spaniel owned by Mrs. Bob Donley; 2-Brace, owned by Mrs. Bob Donley; 3-Queenie, German Shepherd owned by Carl H. Bok.

## ROUGH TOUGH, BAG EMPTY—GOLFER QUILTS

BEACONSFIELD, England (U) — Humphrey Crum-Ewing who was driving a golf ball the 55 miles from London to Oxford, gave up after 20 miles Wednesday.

He suffered from that old golfing hazard—lost balls. "It was all right," he told sympathizers, "in London 'round about midnight because the place was well lit but out in the suburbs the streetlamps were out."

Crum-Ewing, a 22-year-old student, only had a dozen balls with him and after several disappeared he tied bits of white rags on the remainder. The last of these was lost in the rough at Beaconsfield.

## Chiefs And Hawks Set Makeup Tilts

By DON BRYANT  
Sports Editor, The Star

The second half of the Western League season is underway — and the first-half crown is still up for grabs between Lincoln and Topeka.

But the only thing to do is wait, because the final outcome of the first-half race may not be known until August 1. That's the date of the Chiefs' final first-half makeup game, the nightcap of a twin bill at Colorado Springs.

However, the issue could be settled long before then.

Lincoln has six games to make up, while Topeka has two. So here's the way the first half shapes up:

If the Chiefs win five of their six makeup games, they'll be the winners regardless of how Topeka fares in its two games.

If the Hawks win one and lose one, Lincoln will need only four wins to cop the title.

If Topeka loses both games, Lincoln will need only three wins in the six games to become the first-half champion and gain a spot in the playoffs.

What is vitally important to Lincoln is the fact that Topeka now has two more losses than Lincoln (at the end of the first half). Thus, Lincoln does not have to depend on Topeka losing to win.

In other words, the Chiefs can gain the first-half title by winning their games, regardless of what Topeka does.

The following is the makeup schedule for Lincoln and Topeka:

June 29 — Sioux City at Lincoln (second game of doubleheader).

June 30 — Sioux City at Lincoln (night game of split day-night doubleheader).

Lincoln at Sioux City — Date not set but probably July 9.

Albuquerque at Lincoln — To be played in series July 17, 18, 19.

July 25 — Lincoln at Amarillo (second game of doubleheader).

Aug. 1 — Lincoln at Colorado Springs (second game of doubleheader).

Topeka

June 29—Des Moines at Topeka (second game of doubleheader).

July 8—Topeka at Des Moines (second game of doubleheader).

The following are the other league makeup games that may affect the remaining positions in the first-half standings, but will have no effect on first or second place:

DES MOINES—At Topeka June 29, Topeka at home July 8, at Colorado Springs July 25.

AMARILLO—Colorado Springs at home July 10, Lincoln at home July 25, Albuquerque at home August 31, at Pueblo June 28.

COLORADO SPRINGS—Des Moines at home July 25, Lincoln at home August 1, at Amarillo July 10.

## Rickey—No Significance To Visit

By DON BRYANT  
Sports Editor, The Star

Branch Rickey Sr. saw the Lincoln Chiefs defeat Albuquerque 8-3 Wednesday night, but "there was no special significance to his visit."

Rickey, who is currently serving as a board member and consultant with the Pittsburgh Pirates, after retiring as general manager, told The Star by phone early Thursday morning:

"I think I can set your mind at ease by telling you that there is no special significance to my visit here—unless it would be to help Lincoln find another pitcher."

Rickey was obviously referring to the Dick Hall case of 1955 and to the present status of Dick Stuart.

It was Rickey's way of reassuring Lincoln fans that Stuart would stick with the Chiefs through the 1956 season.

Speaking of Stuart, Rickey said, "This boy is having a remarkable year. You just can't overlook what he's doing because he's likely to break all extra-base records in baseball. Tonight (Wednesday night) he hit four for four—all singles—and three of his hits were line drives that almost tore the cover off the ball."

Rickey also added that although he had seen the Lincoln team only once he thought the Chiefs "looked good, as all teams do when they win."

"Larry Shepard (Chiefs manager) is doing a fine job and the pitching is holding up surprisingly well," Rickey added.

Rickey, in a jocular mood, admitted that he could not give a "more complete analysis of the Chiefs" because "I spent so much time during the game visiting."

## Rain Halts LCC Golf Tournament

Wednesday's rain washed out the women's medal play golf tournament at Lincoln Country Club. Play will continue Thursday following Wednesday's pairings.

downing Albuquerque 8-3.

Joe Zavattaro's 400-foot home run with a mate aboard in the fifth provided a good chunk of the victory.

The homer boosted Dick Shinnick to his second victory in three tries. It sent Ted Shandor down to another loss. His record now is 5-8.

Dick Stuart failed to get a home run but lined out four hard singles in four trips to the plate to pace the 13-hit attack.

Performing before ex-Pittsburgh Pirate Boss Branch Rickey, who watched the game from a box behind home plate, the Lincoln farmhands performed well for the man who now scouts for the Bucs.

The Chiefs started their scoring in the first frame, scoring a pair of unearned tallies off Shandor. Singles by Al Stringer, Stuart and Reggie Grenal and Third Baseman Tom Agosta's error provided the punch.

Three more singles, including another by Stuart, scored another run in the second. Grenal's long triple preceded Zavattaro's homer in the fifth.

The Dukes picked up a tally in the fifth, mainly on Shinnick's wildness. The rightshander hit Emil

Syngeal with a pitch, gave up a single to Len VanDeHey, then wild-pitched Syngeal home.

Shandor gave up another pair of runs to Lincoln in the sixth, scored on a single, walk, Bill Jackson's double and a sacrifice fly.

Tom Puehl relieved Shandor in the seventh after he went out for a pinch-hitter, and was the victim of a run in the eighth scored on three Albuquerque errors and another single by Stuart. Al Osorio pitched the ninth without trouble for the Dukes.

Albuquerque, meanwhile, got Shinnick off the mound in the seventh after a walk and Van DeHey's second single, plus an out-field error scored a run. Nordberg gave up a run-scoring hit to Hal Toso, but slammed the door with a double-play then held the Dukes hitless in the final two frames.

## Prep Football Rules Changed

MORAN, Wyo. (AP)—Three football rule changes affecting the fair catch, starting the clock after official time out and designation of down following a kickoff were adopted Wednesday by the National Federation of State High School Athletic Assns.

H. V. Porter, executive secretary, said the rules now prohibit the team kicking off from touching the ball or the receiver, or from obstructing the receiver's path in a fair catch.

Porter said previous ruling often involved judgment on the part of the referee as to whether there had been interference.

This fall the clock will be started after an official timeout "when the ball is ready for play." Previously the clock was started when the ball was snapped.

Also this fall, a first down will be called in all cases where a kick-off is received beyond the line of scrimmage, except in a case of double foul. Porter said the rules had not before covered all situations.

## Holdrege To Get First Baseman

CHICAGO (AP) — Joe Martin, 19-year-old first baseman from Axton, Va., has been signed to a Memphis contract, the Chicago White Sox announced Wednesday.

Martin was optioned by Memphis to Holdrege in the newly organized Class D all-rookie Nebraska State League which opens July 1.

A graduate of Drewry Mason High School in Ridgeway, Va., Martin was a four-letter man and captain of the basketball team. In three years of semi-pro ball, Martin batted .320, .330 and .346.

**Victor Graduates**  
Mrs. Helen Foe walks her miniature poodle, Victor, before obedience graduation exercises held by the Cornhusker Kennel Club Wednesday night. (Star photo.)

## Canines Honored

The Cornhusker Kennel Club presented 27 certificates Wednesday night at Antelope Park to graduating obedience dogs.

Admored canines: Working dog—Snooks, Springer Spaniel owned by Adelf Cronin; 2—Bruce, Collie owned by Mrs. Ron Donley; 3—Queenie, German Shepherd owned by Carl H. Bick.

Best handler—Brandy, St. Bernard owned by Dick Cohen.

Most progress—Rebel, Boxer owned by Lee Bailey.

## Redlegs Crush Pirates

... Lawrence Wins 10th

PITTSBURGH (AP)—Righthander Brooks Lawrence won his 10th straight game without a loss as the Cincinnati Redlegs scored nine runs in a wild eighth inning to defeat the Pittsburgh Pirates 10-2 Wednesday night.

Lawrence, who has pitched only four complete games this season, was lifted for a pinch hitter in the eighth, but he was effective for seven innings, allowing the Pirates two runs on five hits. He struck out four and walked only one.

Cincinnati was trailing 2-1 going into the eighth but they went far ahead on six hits and some futile infield play by Pittsburgh that produced four errors, two by second baseman Spook Jacobs.

Gus Bell, Frank Robinson and Stan Palys each drove in two runs in the inning, driving Bob Friend to his fifth loss against 11 victories. Luis Arroyo finished the inning for Pittsburgh.

Rookie catcher Danny Kravitz sent the Pirates into a 1-0 lead with his second homer of the year in the third inning. Ted Kluszewski tied the game with a sacrifice fly in the sixth to score Bell who tripled. The Pirates grabbed a 2-1 lead in the seventh on Lee Walls' walk, Dale Long's single and Kravitz' sacrifice fly.

## ROUGH TOUGH, BAG EMPTY—GOLFER QUILTS

BEACONSFIELD, England (AP) — Humphrey Crum - Ewing who was driving a golf ball the 55 miles from London to Oxford, gave up after 20 miles Wednesday.

He suffered from that old golfing hazard—lost balls.

"It was all right," he told sympathizers, "in London 'round about midnight because the place was well lit but out in the suburbs the streetlamps were out."

Crum-Ewing, a 22-year-old student, only had a dozen balls with him and after several disappeared he tied bits of white rags on the remainder. The last of these was lost in the rough at Beaconsfield.

# Brooks Splash Past Cubs, 6-2

BROOKLYN (AP) — Brooklyn hopped on Warren Hacker for four runs in the fourth inning with the help of two Chicago errors to beat the Cubs 6-2 in a rain-splattered game that found outfielders skidding on the wet turf and splashing through puddles.

## Phils Trip Milwaukee Again, 4-3

PHILADELPHIA (AP) — Stan Lopata homered over the roof of the left field stands in the 11th inning Wednesday night to give the Philadelphia Phillies a 4-3 victory over league-leading Milwaukee.

The first baseman's blast came after the Phillies had rallied to tie the game at 3-3 in the ninth inning on a double by Jim Green-grass. Greengrass scored Willie Jones from first.

It was the Phillies' second straight victory over the Braves. The Phils ended an 11-game Milwaukee winning streak Tuesday night.

The Braves sent in three pitchers and the Phillies four. Five homers, three by Phils, accounted for most of the tallies.

Think it gets hot in Lincoln?

It's HOTTER in the tropics all year 'round.

That's where the favorite suit is

NORTHCOOL  
TAILORED BY SAGNER

• REPEL-O-TIZED  
• SPOT-RESISTANT  
• WATER-REPELLENT

Northcool is favored in the tropics. Where it's really hot all the time, Northcool is the most popular suit.

Among the reasons for this tropical success are the cool comfort of Dacron®-fortified fabrics, the outstandingly successful Pattern-Master designing, and the remarkable Repel-O-tized feature, which gives your Northcool suit 34% more porosity, makes it spot-resistant, and water-repellent.

Walker's double off the wall in the third, shortly after play was resumed the first time. Junior Gilliam's single scored Walker with the first run of the day.

Duke Snider splashed a single to right field to open the big fourth inning. After fouling off two bunts, Ransom Jackson doubled to right, scoring Snider. Jackson also scored when Walt Moryn's throw went through catcher Hobie Landrith.

After Gil Hodges fled out, singles by Jackie Robinson and Carl Furillo, a fumble by Moryn and an intentional walk filled the bases. Roger Craig's sacrifice fly scored Robinson and Gilliam's single drove in Furillo. Furillo hit his seventh homer off reliever Turk Lown in the eighth.

It was the seventh victory against two defeats for Craig, who never has lost a game at Ebbets Field since he came up to the Dodgers last July from Montreal. Hacker now has lost seven and won only one.

SPORTS  
Reed Sets Pace In HCC Carnival

Whitie Reed outscored more than 200 golfers to win low gross honors in the Annual Hillcrest Country Club Carnival Stag Wednesday, battling soggy fairways and wet greens to fire a par 72.

Dr. Jim Burlington won the blind bogey award with a 97.

HCC Pro Bunny Richards termed the turnout for the Carnival a "huge success, considering the mud and rain the players put up with all day."

Results:

Low score—Reed, 72; 2nd low—Gene Chavely, 75; 3rd low—Ed Smith, 78.

10th low score—die between Warren Goldstein and D. J. Horn, 88.

30th low score—Art Ball, 98.

40th low score—Tom Allen, 115.

Consolation blind bogey (80-90)—Earl Macoy, Hal Bowers and John Herrod, 90.

Consolation blind bogey (90-100)—John Reinhardt, Wally Knievel and Toby Jewett, 92.

Consolation blind bogey (100-110)—Rod Weibel, Jerry Ward and Lyle Hans, 101.

For Gilbert Memorial

Mrs. James J. Cotton, treasurer of the Nebraska Prairie Bowmen Club, presents a check to Lloyd P. Vance, supervisor of game for the State Game Commission. The check represents money collected in a shoot spon-

sored by the Prairie Bowmen in honor of the late Paul Gilbert, secretary of the Game Commission who died last spring. The money will be used in a scholarship fund, the Gilbert Memorial Fund. (Star photo.)

## Yanks Club Athletics, 5-2

KANSAS CITY (AP) — The New York Yankees made it three in a row Wednesday night against Kansas City, taking a 5-2 win behind the five-hit pitching of Bob Tom Sturdivant. Hank Bauer hit his 16th homer of the year with one on in the eighth.

Sturdivant was lifted for reliever Tom Morgan in the ninth when, with one out, he walked pinch hitter, Joe Ginsberg, and Joe DeMaestri to pop up, ending the game.

However, it was Sturdivant's win, his fifth against one defeat, and well earned. He fanned six and walked six but managed to choke off every A's threat after he put himself ahead in the fifth with

## Topeka Triumphs, 3-1

AMARILLO (AP) — Two unearned runs in the ninth broke up a tight pitcher's duel between Glen Thompson and Jim Tugerson as Topeka's Hawks edged the Amarillo Gold Sox, 3-1, here Wednesday night. A crowd of 892 was present as the second half of the Western League split season opened.

The victory gave Topeka an even split in a four-game series here with the Gold Sox.

McHargue Sparks Central City Win

CENTRAL CITY — The Central City Junior Legion baseball team won its 12th game of the season Wednesday night, clipping Ord, 9-3. Terry McHargue slammed two doubles to lead the winners' powerful batting attack.

The Madison Racing Committee includes Chairman Moyer, August Boysen, O. V. Scheer, Frank D. Conley, Syd Addyman, Lester Leichter, Peter Mimick, Percy Ressegue, T. R. McKibbin, William R. Johnson and Gale Rowe.

# Bosox Snap Chisox Streak

## Williams Foil Shift

CHICAGO (U)—The Boston Red Sox withered away a seven-run lead but came up with a three-run, eighth-inning rally Wednesday to beat the White Sox, 11-9 and snap Chicago's nine-game winning streak.

Boston battered seven Chicago pitchers for 15 hits with Ted Williams slamming out four singles through the "Williams Shift" in five official at bats.

Aunt Daisy 105, The Spy 110, Keating Dog 110, Teddyvot 110, Decontrol 110, Harry-Lou 110, Baver Brown 110, Panorium 110, Hot Plate 110, Miss Hampas 110, Sweet Sistr 110, Donalga Peer 110, Also eligible: Sky Ring 110, Tex Four 110.

### Faltering Tigers Beaten By Washington Senators, 3-1

DETROIT (U)—Southpaw Bob Wiesler pitched his second complete game of the season Wednesday as the Washington Nationals whipped the Detroit Tigers 3-1 on a five-hit performance.

It was the 11th start without a victory for the Tigers although they battled the Senators to a 2-2 deadlock Tuesday night. The usually erratic Wiesler, who had walked 53 batters in 54 2-3 innings, gave up just two walks Wednesday. The big lefthander, obtained from the New York Yankees, lost his bid for Washington's first shut-out when Charlie Maxwell homered in the ninth. It was Maxwell's 13th of the season.

Wiesler had the Tigers pounding the ball into the ground and the Nats' outfielders had just two put-

### Braves Suspend Jim Pendleton

MILWAUKEE (U)—The Milwaukee Braves Wednesday suspended reserve outfielder-infielder Jim Pendleton for failing to report to their Wichita, Kan., farm club in the AAA American Assn.

"Pendleton's 72-hour deadline has expired since we sent him down June 15," said General Manager John Quinn. "That means automatic suspension for failure to report."

The 30-year-old Negro was sent down to make room for another reserve player, shortstop Felix Mantilla, who was recalled from Sacramento. Pendleton failed to get a hit in eight pinch-hitting appearances this season.

## School Boards' Impact Described

Recognition of the responsibility and impact of boards of education in the community as well as school is one of today's big problems.

This belief was expressed by O. H. Roberts Jr. of Evansville, Ind., immediate past president of the National School Boards Association. He presented his views Wednesday at a Board of Educa-

### Lt. Van Haaften, Bellevue Pilot, Reported Missing

BELLEVUE, Neb. (AP) — A Bellevue, Neb., jet fighter pilot has been reported missing in Japan, his mother said.

He is 1st Lt. Virgil R. Van Haaften, son of Mr. and Mrs. William Van Haaften of Bellevue.

Mrs. Van Haaften said she received a telegram from the Air Force in Washington that her son is "missing in flight."

Lt. Van Haaften is a member of the Fourth Jet Fighter wing, the same as the unit named in dispatches about a pilot who disappeared in a plane Sunday over Eastern Hokkaido.

Lt. Van Haaften's wife and two children live in Omaha with his mother-in-law, Mrs. Agnes Papick.

tion Workshop at the University of Nebraska.

It is significant, he said, that school boards are now being looked to for leadership.

Reawakened  
 During the last 10 years, school boards as groups and laymen both in groups and individually have reawakened to their responsibilities in education, Roberts said.

"We have now reached the place," he said, "to take a look at what to do about this reawakening and find what is the responsibility of the layman for solutions of problems of education."

The National School Boards Association has just received a grant from the Fund for Advancement of Education to conduct such a study which will be directed by Roberts.

Among the things which they

must determine, he said, are the best techniques for laymen and professional educators to work together.

Roberts said he believed the basic thing that has to be concluded is that only by working together will education problems be solved.

"There are too few instances where we have recognized that solution of problems must be done by organized interest groups working for a common cause," he said. "If we laymen are to play our part we must get together as citizens and as school boards members."

# Families Shattered By Death As Road Crashes Take 13 Lives And Injure 13

**By The Associated Press**  
Many families were shattered by death and injury Wednesday in a series of tragic highway accidents. Thirteen persons lost their lives and 13 others were injured. A number were children.

The greatest death toll was recorded near Nassau, N.Y., when a tractor-trailer collided with a passenger car.

All five persons in the car were killed. They were Air Force Capt. James H. Waters, about 34; his wife, their sons, James H. Jr., 10, and Garry, 8, and a nephew, Gerald Burdick, 14.

Death and injury swept through three generations of a Baltimore family in an accident at Sparkill, N.Y. Police said two tanker trucks sideswiped on a bridge, and one

then collided with the Baltimore family's car.

The dead were identified as Mrs. August Wiedenhoft, about 60; her daughter, Mrs. Nicholas Sochin, 41, and Mrs. Sochin's son, Kenneth, 9.

Family members injured were listed as the husbands of Mrs. Wiedenhoft and Mrs. Sochin, and a 3-year-old daughter of the Sochins.

Near Charlton, Mass., Henry Johnson, 46, Rocky Hill, Conn., his wife, Harriet, 44 and their son Robert 7 were killed, and their daughters, Diane, 8, Susan, 3, were injured.

A truck driver said he pulled his vehicle off the road and stopped when he saw the Johnson car skid on wet pavement, but that the car continued across the highway and crashed into the truck.

**Lost Wheels**  
At Amsterdam, N.Y., Mrs. Clair Emens, about 30, died in a collision with what police said was a tractor-trailer which had lost its rear wheels while going downhill. Mrs. Emens' husband and two small children were injured.

A truck loaded with concrete blocks lost its brakes while rumbling down a steep hill at Titusville, Pa. It smashed into a car, killing Mrs. D. W. Bayne, 35, New Kensington, Pa., and injuring her husband and two sons, 9 and 15 years old.

## High Court Appeal Filed For Parker

Attorneys for Darrel Parker appealed his murder conviction to the State Supreme Court Wednesday claiming error in the District Court trial.

Parker, 24, was sentenced to life imprisonment after a Lancaster County District Court found him guilty of first degree murder. He was charged with the murder of his wife, Nancy, 22, in Parker's Antelope Park home on Dec. 14th.

The appeal to the state's highest court followed a denial for a new trial by District Judge John L. Polk who pronounced sentence. The new trial motions claimed there was error in admitting Parker's written confession, in permitting testimony of two police officers on an oral confession, and in court instructions to the jury.

The allegations have been denied by the state. A poverty affidavit was filed along with the appeal. A similar affidavit had been filed in the lower court. It asked that Lancaster County pay for transcripts of District Court proceedings.

## Youths Asked About 133 Broken Windows

Sgt. Gail Gade of the Lincoln Police Department said Wednesday no arrests have yet been made in connection with the breaking of 133 windows in Saratoga School at 2211 So. 13th.

He said several youths have been questioned. Gade said the cost of replacing the windows will be at least \$285. Rocks were used to smash the glass sometime last weekend.

## Safeway Permit OKd

Safeway Stores Inc. have been issued a building permit for construction of a new grocery store costing \$150,000 at 4701 O. The masonry and frame one-story building will have a floor space of 90 by 150 feet.

## TITO RETURNS IN TRIUMPH

BELGRADE, Yugoslavia (AP) — President Tito came home in triumph from his Moscow trip Wednesday. His government immediately announced that he plans a conference with Egyptian President Gamal Abdel Nasser and Indian Prime Minister Nehru next month.

Tito reached the frontier railroad station of Kikinda after 25 days in the Soviet Union and Romania. He told 60,000 cheering Yugoslavs that Russia is "ready to struggle for peace together with all progressive peoples."

What had happened in the past was now forgotten and the people of the Communist countries he visited "were very happy we had come," Tito said.

## Man Sentenced For Two Counts Forgery

Fred I. Plymale, 48, of 2227 O was sentenced to a year and a day imprisonment after pleading no contest in U.S. District Court to forging an endorsement on a \$44.80 government check on Jan. 3 and uttering the forged instrument to a Lincoln service station.

A third count alleging the theft of a letter containing the check from a mail box was dismissed by the prosecuting attorney.

## Elmer E. Gaines Of Ashland Dies

**Lincoln Star Special**  
ASHLAND, Neb. — Elmer E. Gaines, 82, of Ashland, died at his home Wednesday.

Funeral services will be held 2 p.m. Friday at the Methodist Church of Ashland.

Mr. Gaines was a retired businessman, formerly operating businesses in Blair and Peru, Neb. He had lived at Ashland for 10 years.

He is survived by his wife, Genevieve; sons, Kenneth W. of Ashland, and Steven of Grand Island; daughters, Mrs. Morrel Clute of Rochester, Mich., and Mrs. Gene Trekel of Colorado Springs, Colo.; and three grandchildren.

LIGHTNING TRIGGERS FIRE;  
PEN HAY BARN LEVELED

THE HAY BARN, MINUTES AFTER FIRE STARTED

A hay barn on the State Penitentiary farm just south of the prison burned to the ground Wednesday when struck by lightning about 9:30 a.m.

City firemen were called to the scene but the fire had already done its damage. The blaze destroyed \$800 worth of straw and \$1,200 to \$1,500 worth of hay.

Don Frost, prison business manager, said the barn, built three years ago by inmate labor, was a \$3,800 loss.

He said replacement cost now would be higher because of increased material costs.

Frost said the barn "appeared to explode into flame after being hit by a lightning bolt. There was nothing firemen could do."

Inmate William Bassinger, who had been riding a horse, said he was just tying the horse to a gate near the barn when the bolt struck. The horse fell or was jolted to the ground but he himself was not hurt, he said.

Housework  
Easy Without  
Nagging BackacheHow To Hold  
FALSE TEETH  
More Firmly in Place

Do your false teeth annoy and embarrass by slipping, dropping or wobbling when you eat, laugh or talk? Just sprinkle a little FASTEETH on your plates. TLA alkaline (non-acid) powder holds false teeth more firmly and more comfortably. No gummy, goopy, pasty taste or feeling. Does not sour, checks "plate odor" (denture breath). Get FASTEETH today at any drug counter.

Nagging backache, headache, or muscular aches and pains may come on with over-exercising, emotional upset or day to day stress and strain. And folks who eat and drink unwisely sometimes suffer mild bladder irritation... with that restless, uncomfortable feeling. If you are miserable and worn out because of these discomforts, Doan's Pills often help by their pain relieving action, by their soothing effect to ease bladder irritation and by their mild diuretic action through the kidneys... tending to increase the output of the 15 miles of kidney tubes. So if nagging backache makes you feel dragged-out, miserable, with restless, sleepless nights, don't wait, try Doan's Pills. You'll be less happy relief millions have enjoyed for over 60 years. Ask for new, large, economy size and save money. Get Doan's Pills today!

## Schwenk Dies While Cleaning Flood Debris

WAUNETA, Neb. — Funeral services were held here for George Schwenk, 52, who died as the result of a heart attack while cleaning up flood debris at his home.

Surviving are his wife, a son, Emerson; a daughter, Mrs. Donald Decker; and his mother, Mrs. Eliza Schwenk.

## Storm Causes Fire

ATKINSON, Neb.—Fire believed to have been caused by lightning destroyed a machine shed and corn crib on the Dwight Kennedy farm six miles southwest of Atkinson.

## Israeli District Attorney Observes Nebraska Methods

By VIRGIL FALLON  
Star Staff Writer

An Israeli district attorney, who is in Lincoln to observe prosecution and judicial procedures, commented Wednesday that he found many points of similarity between Nebraska procedures and those of his country.

Ezra M. Hedaya, District Attorney of the Ministry of Justice for Jerusalem and the southern districts of Israel, observed the organization and work of the Lancaster County Attorney's office.

Later, he talked with County Attorney Elmer Scheele and visited the municipal court, police station and various penal institutions in Lincoln.

Hedaya is observing federal, state, and local prosecution practices and procedures in this country under a four-month grant of the International Co-operation Administration.

Prosecution by information in Nebraska is the same as in Israel, Hedaya said. "We have the same preliminary inquiry by an inferior court preparatory to prosecution by information."

Hedaya commented that Nebraska was the first state he has visited that does not have the grand jury procedure of indictment, noting that the grand jury system "seemed so fundamental" for every other state he has visited.

Israel does not have trial by jury and its judges and prosecuting attorneys are appointed, not elected as in Nebraska.

In Israel trial courts, the judge tries both the law and fact, according to the visitor. "In more serious felonies, such as murder, the case may be tried before three judges. A three-judge bench in such cases is the decision of the presiding judge."

Asked if Israel had considered the jury system, Hedaya replied, "We feel more secure in trial before judges, who by self-discipline

and training are more able to separate facts from the irrelevant."

He said Israeli legal circles are skeptical of juries, which in theory at least, can be more easily swayed by argument and "matters of the heart."

"Of course, your attorneys feel that 12 laymen, though they may make mistakes, are fundamental to your justice," he added, explaining his country had never experienced the jury system.

Prosecuting attorneys in Israel are appointed by the Minister of Justice, who is a cabinet officer. Judges are appointed under a special law dealing with qualifications and other matters, Hedaya said.

## Alley Closing OK'd To Allow Bank Building

The City Planning Commission has approved closing of the alley from 12th to 13th between N and M to permit construction of the new Continental National Bank.

The two-story building will be erected along 12th with the building on the N Street side of the block and parking facilities along M Street.

Only the west half of the alley will be closed. An entrance to the east half will be provided off of M.

Other action by the Commission: Change in zoning from residential to commercial on the southeast corner of 3rd and Washington, denied.

Change in zoning from multiple dwelling to local business on the east side of 27th south of O, denied.

Permit for an off-street parking lot for Grace Lutheran Church on the east side of 27th, just north of Garfield, approved.

Vacation of the north-south alley from Webster to South, approved.

Final plat of Hillcrest Heights at 8th and Seward, approved.

Final plat of Homebushers' re-plat at 8th and Seward, approved.

## Council OKs Auditorium Mosaic Panel

The City Council has given its approval to a large and colorful ceramic mosaic tile panel which will grace the front of Lincoln's new Pershing Memorial Auditorium.

Now under construction in Cincinnati, O., the 14' by 38' foot panel will contain some 800,000 separate tile pieces. Walter F. Wilson, spokesman for the Associated Auditorium Architects, said the panel will contain about 40 different colors.

The front piece, he said, is designed to give a panoramic view to passersby of attractions to be seen from time to time inside the building. Designs on the panel include sport, drama, convention, opera and other scenes.

Council members found only little criticism. They recommended the removal of the letter N from shirts shown on players in a basketball scene and elimination of an elephant and donkey shown in a convention scene.

According to Wilson, the auditorium will be sufficiently completed for use shortly after Jan. 1, 1957.

## Concrete Haulers Strike Unchanged After Full Week

The strike of concrete haulers for Reimers-Kaufman Concrete Products Co. and Ready Mixed Concrete Co. moved into its seventh day Wednesday with no new developments.

Spokesmen for management and labor, and Lincoln Mayor Clark Jear, who has tried to arrange a meeting between the two, reported no change in the walkout situation.

The strikers, members of AFL-CIO Teamsters Local 659, were still picketing both plants.

Both firms are affiliated with the Abel Construction Co., of Lincoln.

William Isbell, representative of the Central Conference of Teamsters and spokesman for the strikers, said the men were primarily seeking union recognition by the company.

Eugene H. Tallman, speaking for Abel, had no comment Wednesday.

Work had not yet been delayed at Lincoln's new Pershing Memorial Auditorium, which needs concrete blocks for present construction. Olson Construction Co. officials said they still had enough blocks to last at least the rest of the week.

## Top Leadership Remains In Men's Hands Says Synod

ST. PAUL, Minn. (AP)—A hold-line appeal against the entrance of women into positions of leadership in the Lutheran Church—Missouri Synod was sounded by a Synod Committee Wednesday.

The group warned against "any anti-scriptural practice" that would lead to surrender of male authority, which was "eroded as a result of the time-tested."

While it found no Biblical reference which prohibits women's suffrage on the local level, the committee urged all synod congregations to administer their affairs through male voters' meetings.

It suggested, however, that the opinions and advice of women should be sought on important issues.

The committee report will come before the synod's convention here later this week.

Those named to the board for visual education included Prof. C. T. Brandhorst, Seward, Neb.

## Concordia Staff To Be Increased

MINNEAPOLIS (AP)—Missouri Synod Lutheran Wednesday passed a resolution establishing 20 new professorships and assistant professorships for a seminary and five church colleges, including five new posts for Concordia Teachers College, Seward, Neb.

Few Areas Expecting Rainfall

Widely scattered precipitation is expected Thursday in the Gulf Coast region, Ohio and Tennessee Valleys, Florida, northern Rockies, along eastern slopes of the Rockies and in parts of the southwest desert area. It will be fair elsewhere. (AP Wirephoto Map)

## Unidentified Body Is Found In River

OMAHA (AP)—The body of an unidentified man dressed in winter clothing was sighted in the Missouri River a short distance upstream from the South Omaha Bridge, Wednesday the corps of Engineers said.

A spokesman in the Omaha District Engineer's office said Roy Adams and Joe Ralsback, employees of the W. A. Lynn Construction Co., Lincoln, sighted the body while operating a workboat owned by the Lynn company.

The body was towed ashore and about two weeks.

The Douglas County sheriff's office notified Engineer Chief Inspector Repps H. Wilson said the body apparently had been in the river for some time.

Acting County Coroner George Sullivan said the body appeared to be about 5 feet 7 inches tall and weighed about 145 pounds. It was clad in overalls plus another pair of trousers, two jackets and a pair of 10-inch high boots. He said it probably had been in the water about two weeks.

## Israeli District Attorney Observes Nebraska Methods

By VIRGIL FALLOON  
Star Staff Writer

An Israeli district attorney, who is in Lincoln to observe prosecution and judicial procedures, commented Wednesday that he found many points of similarity between Nebraska procedures and those of his country.

Ezra M. Hedaya, District Attorney of the Ministry of Justice for Jerusalem and the southern districts of Israel, observed the organization and work of the Lancaster County Attorney's office.

Later, he talked with County Attorney Elmer Scheele and visited the municipal court, police station and various penal institutions in Lincoln.

Hedaya is observing federal, state, and local prosecution practices and procedures in this country under a four-month grant of the International Co-operation Administration.

Prosecution by information in Nebraska is the same as in Israel, Hedaya said. "We have the same preliminary inquiry by an inferior court preparatory to prosecution by information."

Hedaya commented that Nebraska was the first state he has visited that does not have the grand jury procedure of indictment, noting that the grand jury system "seemed so fundamental" for every other state he has visited.

Israel does not have trial by jury and its judges and prosecuting attorneys are appointed, not elected as in Nebraska.

In Israel trial courts, the judge tries both the law and fact, according to the visitor. "In more serious felonies, such as murder, the case may be tried before three judges. A three-judge bench in such cases is the decision of the presiding judge."

Asked if Israel had considered the jury system, Hedaya replied, "We feel more secure in trial before judges, who by self-discipline

and training are more able to separate facts from the irrelevant."

He said Israeli legal circles are skeptical of juries, which in theory at least, can be more easily swayed by argument and "matrices of the heart."

"Of course, your attorneys feel that 12 laymen, though they may make mistakes, are fundamental to your justice," he added, explaining his country had never experienced the jury system.

Prosecuting attorneys in Israel are appointed by the Minister of Justice, who is a cabinet officer. Judges are appointed under a special law dealing with qualifications and other matters, Hedaya said.

## Alley Closing OK'd To Allow Bank Building

The City Planning Commission has approved closing of the alley from 12th to 13th between N and M to permit construction of the new Continental National Bank.

The two-story building will be erected along 12th with the building on the N Street side of the block and parking facilities along M Street.

Only the west half of the alley will be closed. An entrance to the east half will be provided off of M.

Other action by the Commission: Change in zoning from residential to local business on the southeast corner of 3rd and Washington, denied.

Change in zoning from single family to two family residential on the southwest corner of 49th and South, denied. Change in zoning from multiple dwelling to local business on the east side of 27th south of O, denied.

Permit for an off-street parking lot for Grace Lutheran Church on the east side of 27th, just north of Garfield, approved.

Vacation of the north-south alley from Newton to South between 49th and 50th, approved.

Final plat of Hillcrest Heights at 84th and O, approved.

Final plat of Homebuilders' re-plat at 56th and Seward, approved.

# 300 Teen-agers To Crete For Pilgrim Fellowships

CRETE, Neb., Aug. 28.—About 300 high school and college-age youths will gather in Crete Thursday for the tenth biennial national Council of Pilgrim Fellowship for a meeting which parallels in many respects one concluding in Omaha Wednesday.

They will legislate on many of the issues which confronted their elders at the biennial meeting of the Congregational Church General Council, with which they are affiliated.

Among matters to be taken up will be the union with the Evangelical and Reformed Church, which was voted by the general council, social legislation and the difficulties and solutions encountered by young people in discriminating religious and racial situations over the world.

**New Officers**

On the final days of the week-long meeting the Pilgrim Fellow-

## Notice to Dealers in Police Uniforms

Sealed bids will be received at the office of the City Clerk of the City of Lincoln, Nebraska, at the office of the City Clerk, up to 10 o'clock a.m., Central Standard Time, Thursday, July 5, 1936, for furnishing uniforms for use of the Police Department in accordance with specifications for same on file in the office of the City Clerk.

Copies of the specifications may be obtained in the Purchasing Department.

The estimate of cost for furnishing these uniforms is \$4,000.00.

Each bid must be accompanied by a certified check in the sum of five (5) per cent of the total amount bid, made payable to the order of Frank J. Miller, City Treasurer, as a guarantee of good faith.

The City reserves the right to reject any or all bids and to waive any defect in bids.

THEO. H. BERG, City Clerk.

## Notice to Dealers in Electric Distribution Transformers

Sealed proposals will be received by the City Council of the City of Lincoln, Nebraska, at the office of the City Clerk, up to 10 o'clock a.m., Central Standard Time, Thursday, July 5, 1936, for furnishing three electric distribution transformers for use of the City Light Department, in accordance with specifications for same on file in the office of the City Clerk.

Copies of the specifications may be obtained in the office of the City Engineer.

The City Engineer's estimate of the cost of these transformers is \$4,350.00 f.o.b. Lincoln, Nebraska.

Each proposal must be accompanied by a certified check in the sum of five (5) per cent of the total amount bid, made payable to the order of Frank J. Miller, City Treasurer, as a guarantee of good faith.

The City reserves the right to reject any or all proposals and to waive any defect in proposals.

THEO. H. BERG, City Clerk.

## Notice to General Contractors

Sealed proposals will be received by the City of Lincoln, Nebraska, at the office of the City Clerk, Theo. H. Berg, up to 10:00 o'clock A.M., Central Standard Time, July 5, 1936, at which time and place all proposals will be immediately and publicly opened and read for Contract No. 4, all specifications on file with said City Clerk.

The work consists of furnishing all materials, equipment and supplies and the construction of said Contract No. 4, in accordance with plans, specifications and all other Contract Documents, said Contract being briefly described as follows:

12,000 sq. yds. stabilized roadway.

12,000 cu. yds. earthwork including dikes and pump house basins.

1,265 lin. ft. chain link fence including gates.

4,800 lin. ft. barbed wire and hog tight line fencing, including gates.

60 lin. ft. 24" culvert.

33 cu. yds. rock rip-rap.

The Engineer's estimate of cost is the sum of \$25,975.00.

Performance bond, in amount equal to 100% of the contract price, shall be supplied by the successful bidder as part of his contract.

Each bid must be accompanied by a certified check or cashier's check, drawn on a bank which is insured by the Federal Deposit Insurance Corporation, in a sum equal to at least 5% of the amount bid, and made payable to Frank J. Miller, City Treasurer of Lincoln, Nebraska, as guarantee that the bidder to whom the award is made will enter into contract and furnish the required bond.

Detailed plans and specifications may be seen in the offices of the City Clerk, Director of Department of Public Property and Improvements, and the Consulting Engineers, Fulton & Craner, 322 Trust Building, Lincoln, Nebraska. Bidders desiring plans and specifications for their individual use may obtain the same from the office of the Consulting Engineers upon a deposit of Ten Dollars per set. If such plans and specifications are returned to said Engineers in good condition, within 10 days after the contract award, by those who submit bids or who submit and see that bona fide quotations were made to price bidders a refund of the full deposit will be made. No refund will be made to those who do not meet the above conditions.

Bids made upon blanks other than those furnished with the Contract Documents, or exact duplicates thereof, will be rejected.

The City reserves the right to reject any and all bids and to waive informalities in bids submitted.

The City also reserves the right to take up to 15 days for consideration of the bids received, during which time no bids may be withdrawn.

CITY OF LINCOLN, NEBRASKA.  
Theo. H. Berg, City Clerk.

Colgate's new aerosol type insecticide.

## "Kan-Kil" kills

flies  
mosquitoes  
roaches  
ants and other bugs

faster, easier than any other type bug killer

and it smells good, too

KEEPS ROOMS FREE OF FLYING INSECTS (LOWEST) Kan-Kil Bug Killer is easy to use—no spray gun necessary, no fuss, no mess. Just press the button. Kan-Kil is non-inflammable...contains no DDT...and it smells good, too. Leaves no typical insecticide odor. Proved fast, easy, effective. At all stores.

Another Dependable Colgate Product

ship will elect and install new officers, a new central committee and executive committee. It will adopt resolutions, commission reports and a national program for 1937 through 1939.

Roland Larson of Bingham, Neb., national president of the group pointed to the council theme "In Daring Expectation" and said:

"This is because our attitude is daring and full of expectancy. The PF'ers will get together just as have their seniors at Omaha, express themselves freely and take significant action on issues facing

## Notice of Sale of Oil And Gas Lease

Notice is hereby given that the Board of Educational Lands and Funds of the State of Nebraska will offer for sale at public auction to be held at the office of said Board in the State Capitol Building on the 6th day of July, 1936, at 10 o'clock A.M., an oil lease covering the following described lands situated in Hitchcock county, Nebraska, to-wit: All Section 36, Township 1 North, Range 31 West.

Such lease will be sold in accordance with and subject to the provisions of Legislative Bill No. 415, passed by the Nebraska State Legislature at its 56th (1934) Session, to the highest and best bidder, subject to the right of the Board to reject any and all bids.

BOARD OF EDUCATIONAL LANDS AND FUNDS.  
By Robert D. Hahn, Secretary.

## Notice to Dealers in Crushed Rock

Sealed bids will be received at the office of the City Clerk of the City of Lincoln, Nebraska, up to 10:00 o'clock A.M., Thursday, July 5, 1936, for furnishing 1500 tons, more or less, of crushed rock for use of the Paying Road Department in accordance with specifications for same on file in the office of the City Clerk.

The estimate of cost for furnishing this crushed rock is \$4,500.00 F O B Lincoln.

Each bid must be accompanied by a certified check in the sum of five (5) per cent of the total amount bid, made payable to the order of Frank J. Miller, City Treasurer, as a guarantee of good faith.

The City reserves the right to reject any or all bids and to waive any defect in bids.

THEO. H. BERG, City Clerk.

Division of Christian Education, and the Rev. Robert A. Knowles, junior high school field secretary of the Congregational Christian Churches, say that the young people "will be virtually completely independent at the meeting."

## Notice to Contractors

Sealed proposals will be received by the City Council of the City of Lincoln, Nebraska, at the office of the City Clerk, up to 9 o'clock a.m., Central Standard Time, Monday, July 2, 1936, for the construction of Pavement Revision in 27th Street, at "A" Street and "C" Street, in said City, according to the plans and specifications of the City Engineer on file in the office of the City Clerk.

Plans and specifications may be seen and blank proposals obtained in the office of the City Engineer.

The City Engineer's estimate of the cost of these pavement revisions is \$4,000.00.

Each proposal must be accompanied by a certified check for \$200.00, made payable to Frank J. Miller, City Treasurer, as a guarantee of good faith.

The City reserves the right to reject any or all proposals and to waive any defect in proposals.

THEO. H. BERG, City Clerk.

300 Teen-agers To Crete For Pilgrim Fellowships

CRETE, Neb. (U) — About 300 high school and college-age youths will gather in Crete Thursday for the tenth biennial national Council of Pilgrim Fellowship for a meeting which parallels in many respects one concluding in Omaha Wednesday.

They will legislate on many of the issues which confronted their elders at the biennial meeting of the Congregational Church General Council, with which they are affiliated.

Among matters to be taken up will be the union with the Evangelical and Reformed Church, which was voted by the general council, social legislation and the difficulties and solutions encountered by young people in discriminating religious and racial situations over the world.

**New Officers**  
On the final days of the week-long meeting the Pilgrim Fellow-

**Notice to Dealers in Police Uniforms**  
Sealed bids will be received at the office of the City Clerk of the City of Lincoln, Nebraska, up to 10:00 o'clock A.M., Thursday, July 5, 1956, for furnishing uniforms for use of the Police Department in accordance with specifications for same on file in the office of the City Clerk. The estimate of cost for furnishing these uniforms is \$4,000.00. Each bid must be accompanied by a certified check in the sum of five (5) per cent of the total amount bid, made payable to the order of Frank J. Miller, City Treasurer, as a guarantee of good faith. The City reserves the right to reject any or all bids and to waive any defect in bids.

**Notice to Dealers in Electric Distribution Transformers**  
Sealed proposals will be received by the City Council of the City of Lincoln, Nebraska, at the office of the City Clerk, up to 10 o'clock a.m., Central Standard Time, Thursday, July 5, 1956, for furnishing three electric distribution transformers for the use of the City Light Department, in accordance with specifications for same on file in the office of the City Clerk. Copies of the specifications may be obtained in the office of the City Engineer. The City Electrical Engineer's estimate of the cost of these transformers is \$4,250.00 f.o.b. Lincoln, Nebraska. Each proposal must be accompanied by a certified check in the sum of five (5) per cent of the total amount bid, made payable to the order of Frank J. Miller, City Treasurer, as a guarantee of good faith. The City reserves the right to reject any or all proposals and to waive any defect in proposals.

**Notice to General Contractors**  
Sealed proposals will be received by the City of Lincoln, Nebraska, at the office of the City Clerk, Theo. H. Berg, until 10:00 o'clock A.M., Central Standard Time, July 3, 1956, at which time and place all proposals will be immediately and publicly opened and read, for Contract No. 8, "Ashland Well Field, Roadways, Embankments and Fencing", as shown in this Notice, and more fully explained in complete plans and specifications on file with said City Clerk. The work consists of furnishing all materials, equipment and supplies and the construction of said Contract No. 8, in accordance with plans, specifications and all other Contract Documents, said Contract being briefly described as follows: 12,000 cu. yds. stabilized roadway; 12,000 cu. yds. earthwork including dikes and pump house berms; 1,265 lin. ft. chain link fence including gates; 4,800 lin. ft. barbed wire and hog tight line fencing, including gates; 60 lin. ft. 24" culvert; 33 cu. yds. rock rip-rap. The Engineer's estimate of cost is the sum of \$25,975.00. A performance bond, in amount equal to 100% of the contract price, shall be supplied by the successful bidder as part of his contract. Each bid must be accompanied by a certified check or cashier's check, drawn on a bank which is insured by the Federal Deposit Insurance Corporation, in a sum equal to at least 5% of the amount bid, and made payable to Frank J. Miller, City Treasurer of Lincoln, Nebraska, as guarantee that the bidder to whom the award is made will enter into contract and furnish the required bond. Detailed plans and specifications may be seen in the offices of the City Clerk, Director of Department of Parks, Public Property and Improvements; and the Consulting Engineers, Fulton & Cramer, 922 Trust Building, Lincoln, Nebraska. Bidders desiring plans and specifications for their individual use may obtain the same from the office of the Consulting Engineers upon a deposit of Ten Dollars per set. If such plans and specifications are returned to said Engineers in good condition, within 10 days after the contract award, by those who submit bids or who submit evidence that bona fide questions were made to prime bidders, a refund of the full deposit will be made. No refund will be made to those who do not meet the above conditions. Bids made upon blanks other than those furnished with the Contract Documents, or exact duplicates thereof, will be rejected. The City reserves the right to reject any and all bids and to waive informalities in bids submitted. The City also reserves the right to take up to 15 days for consideration of the bids received, during which time no bids may be withdrawn.

Colgate's new aerosol type insecticide.

**"Kan-Kil" kills flies mosquitoes roaches ants and other bugs faster, easier than any other type bug killer and it smells good, too**

KEEPS ROOMS FREE OF FLYING INSECTS LONGER! Kan-Kil Bug Killer is easy to use—no spray gun necessary, no fuss, no mess! Just press the button. Kan-Kil Bug Killer is non-inflammable... contains no DDT... and it smells good, too. Leaves no typical insecticide odor. Proved fast, easy, effective. At all stores.

# NAACP Is Told U.S. Negroes Could Determine Next Congress Leadership

SAN FRANCISCO (AP)—American Negro leaders were told Wednesday "it is within our hands to determine whether there will be a Democratic or Republican 88th Congress."

And Wednesday night they were urged to add "passive resistance" to their arsenal of weapons to attain full civil rights.

The prediction that the Negro vote could determine the complexion of Congress came from Clarence Mitchell, key political strategist of the National Assn. for the Advancement of Colored People.

He told a Midwestern work shop of the NAACP's 47th convention that the Negro vote could be decisive in 60 congressional districts and 16 senatorial races. Mitchell said "civil rights will be the most important issue in determining who controls the 88th Congress."

Roy Reuther, one of the United Auto Workers' three Reuther brothers, added that civil rights advocates could get action from the current Congress through a coalition of NAACP, unions and churches calling on politicians state by state before the election.

Passive resistance was urged by the Rev. Dr. Martin Luther King, a leader of the six-month-old bus boycott in Montgomery, Ala., in a speech prepared for delivery at a convention mass meeting Wednesday night.

He said the problem of lifting desegregation rulings "from the dusty files of unimplemented court decisions and implementing them" will be carried out mainly by the Negro's refusal to co-operate with segregation.

Dr. King described the passive resistance adopted in Montgomery's bus strike as "a new and creative approach to the crisis in race relations."

"You can never understand the bus protest in Montgomery without understanding that there is a brand new Negro in the South, with a new sense of dignity and destiny," Dr. King said.

The fight against segregation in America was linked with the revolt against colonialism elsewhere by both Dr. King and A. Philip Randolph, a vice president of the AFL-CIO and president of the Brotherhood of Sleeping Car Porters.

Urging closer co-operation between unions and Negroes, Randolph said in a prepared speech that both would benefit from a joint attack on unequal employment opportunities and low wages.

He said the old South was "frightened, frantic and furious" over the prospects of industrialization, unionization and desegregation.

Mitchell's estimate of the power of the Negro vote and the importance of civil rights in 1956 elections came as the House Rules Committee in Washington voted 8-3 to send the civil rights bill to the House floor.

## Mrs. Ellis New Hospital Board Head

Mrs. James H. Ellis was elected president of the Lincoln General Hospital Board of Directors at a board meeting Wednesday. Mrs. Ellis assumes duties July 1, succeeding Harry Haynie.

Other newly elected officers are George W. Rosenlof, vice president; Robert C. Guenzel, secretary, and Walton E. Ferris, treasurer.

The board Mrs. Ellis appointed Charles M. Edwards of Sedalia Mo., as assistant to the hospital administrator, Herbert Anderson, Edwards, a graduate of Washington University Hospital Administration School in St. Louis, replaces Lloyd Hermanson, who is now administrator at Dodge County Hospital. Edwards also assumes duties July 1.

The board approved the authorization of additional air-conditioning equipment, which will air-condition about three-fourths of the hospital.

Concerning the hospital bond proposal, defeated in Tuesday's election, the board issued the following statement:

"The Lincoln General Hospital Board will continue to operate the best possible hospital facilities under its present program."

## Barbershop Sing Set For Friday

The barbershop quartet program, which had been scheduled for Wednesday night at Pinewood Bowl but was postponed by rain, been rescheduled for Friday night at 8 p.m.

The program is to feature barbershop quartets from the Cornhusker Chapter of Barbershop Quartets of America, and the Omaha Joy Belles Chapter of Sweet Adelines, Inc.

Mrs. Doris Pierce of the committee said there would be only a few changes in the program required by the change in date.

## OMAHA BOARD VOTES RAISES FOR TEACHERS

OMAHA (AP)—The Omaha Board of Education has approved salary increases totaling \$443,230 for school employees.

The board unanimously approved a resolution which included a resolution to pay classroom teachers \$200 a year more than they now receive. This would account for \$263,400 of the total increases, which will become effective September 1, if they are approved on second reading.

The proposed new salary schedule also provides that teachers be given regular annual raises of \$150 for 13 years. The present schedule continues the raises 12 years.

Teachers with bachelor degrees would be paid a minimum of \$3,700 and a maximum of \$5,650 under the new schedule and teachers with masters degrees would begin at \$3,900 annually and with 13 years of experience would get \$5,950.

## Morrison Quits As State Phone Ass'n. Sec'y-Treasurer

James L. Morrison has announced his resignation as Secretary-Treasurer of the Nebraska Telephone Association.

The resignation is effective Saturday.

A former FBI agent and lawyer, Morrison came to Lincoln four and one-half years ago from Burlington, Vt., to succeed retiring Association Secretary, George M. Klody of Lincoln.

Morrison's successor has not been named and his future plans have not been announced.

## Phillip Mooberry Dies Wednesday

Phillip Ray Mooberry, 78, of 840 No. 48th, died Wednesday.

Born in Saline County, he had lived in Lincoln for 64 years.

Until a few years ago he was a pressman for the State Journal. He was a member of the Pressman's Union.

Surviving are his wife, Frances; brother, Al of Wenatchee, Wash.; and one grandson.

# NAACP Is Told U.S. Negroes Could Determine Next Congress Leadership

SAN FRANCISCO (U)—American Negro leaders were told Wednesday "it is within our hands to determine whether there will be a Democratic or Republican 85th Congress."

And Wednesday night they were urged to add "passive resistance" to their arsenal of weapons to attain full civil rights.

The prediction that the Negro vote could determine the complexion of Congress came from Clarence Mitchell, key political strategist of the National Assn. for the Advancement of Colored People.

He told a Midwestern work shop of the NAACP's 47th convention that the Negro vote could be decisive in 60 congressional districts and 16 senatorial races. Mitchell said "civil rights will be the most

important issue in determining who controls the 85th Congress."

Roy Reuther, one of the United Auto Workers' three Reuther brothers, added that civil rights advocates could get action from the current Congress through a coalition of NAACP, unions and churches calling on politicians state by state before the election.

Passive resistance was urged by the Rev. Dr. Martin Luther King, a leader of the six-month-old bus boycott in Montgomery, Ala., in a speech prepared for delivery at a

convention mass meeting Wednesday night.

He said the problem of lifting desegregation rulings "from the dusty files of unimplemented court decisions and implementing them" will be carried out mainly by the Negro's refusal to co-operate with segregation.

Dr. King described the passive resistance adopted in Montgomery's bus strike as "a new and creative approach to the crisis in race relations."

"You can never understand the bus protest in Montgomery without understanding that there is a brand new Negro in the South, with a new sense of dignity and destiny," Dr. King said.

The fight against segregation in America was linked with the revolt against colonialism elsewhere by both Dr. King and A. Philip Randolph, a vice president of the AFL-CIO and president of the Brotherhood of Sleeping Car Porters.

Urging closer co-operation between unions and Negroes, Randolph said in a prepared speech that both would benefit from a joint attack on unequal employment opportunities and low wages.

He said the old South was "frightened, frantic and furious" over the prospects of industrialization, unionization and desegregation.

Mitchell's estimate of the power of the Negro vote and the importance of civil rights in 1956 elections came as the House Rules Committee in Washington voted 8-3 to send the civil rights bill to the House floor.

## Mrs. Ellis New Hospital Board Head

Mrs. James H. Ellis was elected president of the Lincoln General Hospital Board of Directors at a board meeting Wednesday. Mrs. Ellis assumes duties July 1, succeeding Harry Haynie.

Other newly elected officers are George W. Rosenlof, vice president; Robert C. Guenzel, secretary, and Walton E. Ferris, treasurer.

The board appointed Charles M. Edwards of Sedalia Mo., as assistant to the hospital administrator, Herbert Anderson. Edwards, a graduate of Washington University Hospital Administration School in St. Louis, replaces Lloyd Hermanson, who is now administrator at Dodge County hospital. Edwards also assumes duties July 1.

The board approved the authorization of additional air-conditioning equipment, which will air-condition about three-fourths of the hospital.

Concerning the hospital bond proposal, defeated in Tuesday's election, the board issued the following statement:

"The Lincoln General Hospital Board will continue to operate the best possible hospital facilities under its present program."

## Barbershop Sing Set For Friday

The barbershop quartet program, which had been scheduled for Wednesday night at Pinewood Bowl but was postponed by rain, been rescheduled for Friday night at 8 p.m.

The program is to feature barbershop quartets from the Cornhusker Chapter of Barbershop Quartets of America, and the Omaha Joy Belles Chapter of Sweet Adelines, Inc.

Mrs. Doris Pierce of the committee said there would be only a few changes in the program required by the change in date.

## OMAHA BOARD VOTES RAISES FOR TEACHERS

OMAHA (U)—The Omaha Board of Education has approved salary increases totaling \$443,230 for school employees.

The board unanimously approved a resolution which included a resolution to pay classroom teachers \$200 a year more than they now receive. This would amount for \$263,400 of the total increases, which will become effective September 1, if they are approved on second reading.

The proposed new salary schedule also provides that teachers be given regular annual raises of \$150 for 13 years. The present schedule continues the raises 12 years.

Teachers with bachelor degrees would be paid a minimum of \$3,700 and a maximum of \$5,650 under the new schedule and teachers with masters degrees would begin at \$3,900 annually and with 13 years of experience would get \$5,950.

## Morrison Quits As State Phone Ass'n. Sec'y-Treasurer

James L. Morrison has announced his resignation as Secretary-Treasurer of the Nebraska Telephone Association.

The resignation is effective Saturday.

A former FBI Agent and lawyer, Morrison came to Lincoln four and one-half years ago from Burlington, Vt., to succeed retiring Association Secretary, George M. Kloyd of Lincoln.

Morrison's successor has not been named and his future plans have not been announced.

## Phillip Mooberry Dies Wednesday

Phillip Ray Mooberry, 78, of 840 No. 45th, died Wednesday.

Born in Saline County, he had lived in Lincoln for 64 years.

Until a few years ago he was a pressman for the State Journal.

He was a member of the Pressman's Union.

Surviving are his wife, Frances; brother, Al of Wenatchee, Wash., and one grandson.
